

### **E-books links**

Following books are available in given links for students.

**Books – Basic Physics, Theoretical Physics, Modern Physics**

**Condensed matter, Atomic Physics, Nuclear Physics**

**Particle physics, Quantum Physics, Radiation Physics**

**Electricity and Magnetism, Electrodynamics, Solid state physics**

**Superconductivity, Mathematical Physics, Optics, Plasma physics**

**Statistical Physics, Thermodynamics, Fluid mechanics, Classical Mechanics**

**Relativity, Vibration and Waves, Computational Physics, Astronomy, Bio -physics,**

**Geo-Physics, Kinetic theory**
