## Workshop On Android App Development and Interview Skills

A one day workshop on android mobile application development and interview skills was conducted by placement cell of our Late Ku. Durga K. Banmeru Science College, Lonar in collaboration with IBASE Technologies- Amravati on 20 April 2022. The workshop was intended for developing the application development skills on android platform. Mr. Nakul Deshmukh from IBASE Technologies was the resource person for this workshop. The workshop was inaugurated by Honb'ble Principal Dr. Prakash K. Banmeru. Preface to the programme is delivered by workshop co-ordinator Mr. Saurabh P. Gaikwad and motto behind the workshop were explained by co-ordinator Mr. Sharique S. Shaikh.

After Inaugural function session was handled by Mr. Nakul Deshmukh on the need for Android App development, installation of eclipse and android development kit and the basic files in the android. On that session students learnt how to develop simple android applications. The first app developed by students is to display a simple message. From this they are familiar with how to create an app, and run the app. The second app developed by students is to display the contents in the text box as simple text. From this, they learnt how to use the components in the app development and also learnt to code for that app. The third app developed by the student is simple addition calculation. Students felt that this session on android mobile app development was very much useful for them and they got the basic idea for developing mobile application. It is planned to extend this training in the next semester with some medium level of application development.

In the next session Mr. Nakul Deshmukh guided students about interview skills and techniques that will be beneficial for students while facing interviews. He also conducted demo interviews of students and as per the responses obtained by the students and accordingly he gave them score out of 10.
