# Newton's laws of motion

"Laws of Motion" redirects here. For other uses, see [Laws of motion](#).

"Newton's Law" redirects here. For the 2017 Australian TV series, see [Newton's Law \(TV series\)](#).

**Newton's laws of motion** are three **physical laws** that, together, laid the foundation for **classical mechanics**. They describe the relationship between a body and the **forces** acting upon it, and its **motion** in response to those forces. More precisely, the first law defines the force qualitatively, the second law offers a quantitative measure of the force, and
