HEAD OF DEPARTMENT**

WEBINARS REPORT-2019-2020

During lock down period, Department of Zoology had organized three webinars. The detail reports about webinars are as follows. Department of Zoology first of all organized webinar about “Learning outcome based curriculum Framework in Zoology (LOCF)” on 05/05/2020. For this particular webinar lot off blessings offered by president of Amrut Sevabhavi Sanstha Parbhani, Dr. Santosh K. Banmeru-Secretary, Dr. Prakash K. Banmeru-Principal. Webinar was inaugurated by our guest Prof. Rajivkumar Gulhane BOS Chairman, SGBAU-Amrawati and Prof. Dilip Dabhade BOS Member, SGBAU Amravati. Webinar initiated with the extreme talk by Dr. Ravindra L.Kale, Senior Scientist & Head, Krishi Vidyan Kendra-Karda Washim. They delivered fruitful guidance to participants about how this basic science subjects should be made out come base while making MoUs with such organizations to generate self employment not only among students but also other peoples. Such subjects should be integrated with other related organizations for extension purposes also. For this online Webinar, Dr.Vithal R. More, Associate Prof., Govt. College Aurangabad, Director Pre IAS Center, Aurangabad and Ex- Joint Director, Higher Education, Maharashtra State was present. They delivered peculiar talk on UGC-New Guideline about “Learning outcome based curriculum Framework in Zoology - (LOCF-in Zoology).”During

their talk they have guided to all participants about new syllabus courses mentioned in UGC Guideline. Further they focused more about skill development courses for outcome base and leads to self employment after securing UG and PG degree. Another resource person Dr. Mahesh Tandale, Department of Zoology, Venkatesh College, Deulgao-Raja have delivered his talk about present syllabus of zoology subject. Further he agreed to have outcome based curriculum in Zoology also. Finally webinar was concluded by Question and Answer session followed by vote of thanks to one and all.

Department of Zoology, in collaboration with Department of Zoology, Toshniwal Arts, Commerce & Science College, Sengaon, jointly organized webinar about “ECONOMIC ZOOLOGY” ON 17/05/2020. For this particular webinar lot of blessings offered by president of Amrut Sevabhavi Sanstha Parbhani, Dr. Santosh K. Banmeru-Secretary, Dr. Prakash K. Banmeru-Principal and at the same time President from Shree Gaanan Shikshan Sanstha Yeldari Camp also blessed the occasion with their kind words.

After introduction about webinar by Dr. Joshi Sir, webinar initiated by the talk Dr. Sachin N. Tayde, HOD, PG College Shirpur Jain- Washim. He had delivered his talk about “Animal Husbandry”. Further he mentioned that how this Animal Husbandry is going to be boon for not only students but also other people after completion of UG or PG degree in Zoology Subject.

The resource person Dr. Jivan Pandurang Sarwade, Associate Prof. Indapur College Pune, also delivered talk on “Economic zoology ” also due to technical issue their lecture was uploaded to you tube and available to participants.

Dr. Milind Vitthal Gaikwad Head of Zoology Department, Late Ku. Durga K. Banmeru Science College Lonar, Dist. Buldhana-443302, being as resource

person for this jointly organized webinar also delivered talk on main theme of webinar topic “ECONOMIC ZOOLOGY”. During their talk they guided in detail about “ECONOMIC ZOOLOGY” first of all as per the guideline of UGC the curriculum of Zoology should be reformed and more focus should be given to self employment generations to both side- students and related people. Further he stated that as extension activity basic subject should be collaborated with other related agencies for more opportunities to students. They believe that making MoUs with such centers will provide future plans. Dr. Milind Vitthal Gaikwad further guided that how government is committed to provide financial support to self-employment such as Commissioner of Fishery and other in detailed. Milind Vitthal Gaikwad HOD started and proposed to establish in each institute “SKILL DEVELOPMENT CENTER IN ECONOMIC ZOOLOGY” and related Certificate Course should be carried on and large level to create practical knowledge among students and people. Dr. Vikas B. Kalyankar from Department of Zoology Toshniwal College, sengaon had given such a nice talk on Azolla culture , Vermicompost, Domestic animal and integrated farming in detail to all participants. Finally webinar was concluded by vote of thanks given by Dr. Joshi Sir Toshniwal College.

Another no. three webinar organized by Department of Zoology was about “THE LONAR CRATER” on 27/06/2020. As usual lot off blessings and wishes offered by president of Amrut Sevabhavi Sanstha Parbhani, Dr. Santosh K. Banmeru-Secretary, Dr. Prakash K. Banmeru-Principal to grand success.

Dr. atul V. Maldhure Scientist NEERI Nagpur was the main resource person for this webinar. They have given great talk on “IMPACT CREATED CRATER” they had also given their opinion about the color change of Lonar Crater further he

stated that the color change may be due to bacterial growth and provided example also.

Dr. Milind Vitthal Gaikwad, HOD, had also delivered the talk on “THE LONAR CRATER” during his talk he tried to put in front of participants some aspects about Lonar Crater that he experienced because some changes were occurred in water body of Lonar Crater. So we predicted this change may be either algae or bacterial growth.

Further webinar was concluded by vote of thanks. All the above events were published in news papers.
