

Beyond the campus environmental promotion activities

1. Construction of dyke for dam (16/03/2022)

Volunteers of National Service Scheme Department constructed a construction of dyke and refilled the dam at adopted village Pimpalner. Two groups of NSS students were given the responsibility of replenishing the dam. After that, the dam wall was totally cleared of all vegetation, a wall about 95 to 100 feet long was drawn, and work began on it. On this wall, dirt, debris, and stones were flung. The volunteers cleared the lake of all silt and broken stones, throwing them in a public area. The excavation wall also received dirt.

A photograph of the dam before it was dyke construction and refilled

NSS Volunteers and Programme officers cutting the grass from the field while digging

Volunteers dug 15 to 20 feet long and 2 to 2.5 feet deep along the side of the pond and filled it. NSS volunteers deepening the lake and stones are carried to the edge. This year, due to the labor done by the volunteers, the water supply has definitely increased, which will help in increasing the water level of wells and borewells in the area. Also, water will be available for animals to drink and greenery will grow in the area.

Volunteers standing in queues digging soil from the pond, filling shovels and dumping it on the wall.

While deepening the dam, stones are carried to the edge

The wall of the dam was 4 feet wide and filled 3 to 4 feet high from the bottom. This entire work took about 10 to 11 barsaf of digging. Also, if there was heavy rain, a pour outwas removed to excess of water. Seeing the work done by NSS volunteers together, all the NSS volunteers were happy and motivated and realized the importance of “Ekichebal” i.e. strength of all together. .

NSS volunteers while pitching stones on the wall of the dam and drawing the name of the college.

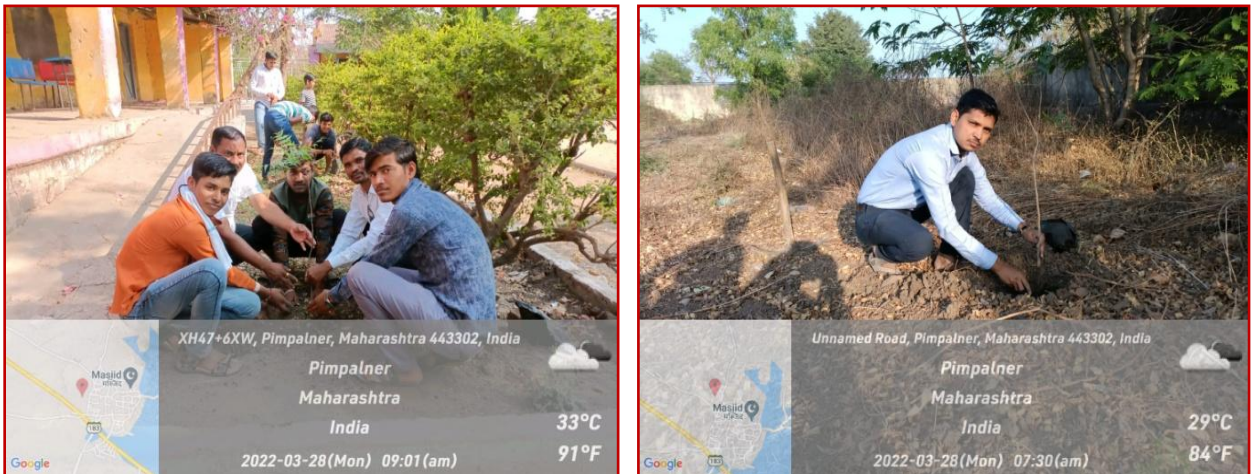

After completion of Shramdan, everyone took a picture on the wall of the dam.

2. Plantation in Primises of Z. P. School Pimpalner (28/03/2022)

Z.P. School Headmaster-Mr. Sardar Sir, Mr. Sanap Sir and NSSvolunteers planting trees.

Mr. Shivshankar More Sir and NSSvolunteers planting trees.

3. Cleanliness Program at Lonar Crater & Dhartirth (10th August 2019)

On 10th August 2019 the joint faculty of Indian Department of Antiquities and Banmeru Science College, Lonar conducted a cleaning campaign by going to VirajDharTirtha, where garbage, cloth bags, photos of god, clothes etc. were left in the stream by the people. It cause bad smell and pollution around the carter area. We clean that area.

Garbage collected by volunteers of NSS

5. A special camp of College was organized at Adopted village Pimlpner (7th December 2019 to 13th December 2019)

Cleaning Campaign was conducted at Adopted village Pimpalner. Mr. Sanjay Sanap (Sarpanch), Z. P. School Principal Mr. Sardar Sir, Gram Panchayat Member Mr. Praveen Darade worshiped the image of Sant Gadge Baba and also started the cleanliness drive from the school by showing the green flag. Main roads, ancient forts, monuments, Hanuman temple, School, Gram Panchayat office of village were cleaned.

Shramadan (Labour Contribution/Donation):- In the adopted village Pimlpner, the pond was refilled to the west of the village. In this, the entire pond was voluntarily filled for 7 days. Also,

by digging at some places, the volunteers broke the stones. On the other hand, about 90 to 95 feet on the wall of the pond, the wall of the pond was raised by adding 5 to 3 feet of soil and stone pitching was also done. Also the shed was lowered in such a way that the water flows properly. Today the work of filling the pond was completed by putting stones on the entire wall of this lake. The water of this lake will benefit the village and the wild animals and other wild birds.

The entire NSS squad along with the pond created by refilling the labor donation,

Principal Dr. Prakash Banmeru Sir, Dr. Mahindra Bhise Sir, NSS Executive Officer Prof. Shivshankar More and volunteers present at the pond.
