## Preface

—:0:—

When I was Alienation Assistant to the Commissioner, Central Division, Government asked me to prepare an Alienation Manual. Subsequently, Government in their order No. 507 dated 18th January 1919, R. D., kindly allowed me to publish this Manual, with Appendices A to G, as my private venture and at my own expense. In return for this copy-right, I have refunded to Government the honorarium of Rs. 1000 already paid to me and have promised to present to Government 200 copies of the complete manual.

2. In this Manual I have recorded my experience as Alienation Assistant for 16 years under the able guidance of the Commissioners C. D.

3. I have brought the book upto the latest date, 1st January 1921, and where necessary, illustrations are given for an easy understanding of the intricacies of Inam matters.

4. I have devoted Chapter X to an imaginary Inam village and have given a chronological history of important events therein upto 1st January 1921.

5. After this preface I have inserted addenda and corrigenda under the general heading 'corrections' numbered serially. At the end of the book are given a general alphabetical index and an index to Government Resolutions and High Court decisions.

6. Lastly, I wish to place on record my sense of gratitude for their kind assistance and advice, to the Honourable Sir George Curtis, K. C. S. I., I. C. S., now senior Member of Executive Council, Bombay, the Honourable Mr. C. N. Seddon, I. C. S. and F. G. H. Anderson, Esquire, M. A., I. C. S.

## Corrections to Alienation Manual.

—:0:—

*Note.*—The serial number of each correction should be written in the margin of the Manual against the respective places.

### 1.—Page 47—below article 56, add the following

56 A. *Military rewards*—See G. 10 under section 62, inserted by correction No. 100 in Supplement No. 1 to Joglekar's Land Revenue Code.

### 2.—Page 61, add the following as article 74 E.

74 E. *Religious endowment*—By a deed of endowment, so-called, executed not long prior to his death, a Hindu professed to dedicate practically the whole of his property in favour of an idol. It was provided in this deed that the settlor should apply for mutation of names in favour of the idol, and that he should use the income of the property for the expenses of *puja* and *rajbhog* and for the repair of the temple, and that he should keep regular accounts of the income and expenditure. The settlor himself was to be the first manager, after him his wife, and thereafter his daughter's sons and their descendants. Some sixteen months after the execution of this deed, the settlor died and was succeeded as manager by his wife. The widow brought a suit for a declaration that the property was endowed property in the course of which it came to light that no attempt had been made to obtain mutation of names in favour of the manager, that no accounts were forthcoming relating to the administration of the property by the settlor that the expenditure on the idol did not amount to more than one-tenth of the income and that the widow was unable to account for her own dealings with property, the subject matter of the suit.

Held, that in these circumstances there had been no real dedication of the property to religious purpose, but only an attempt to create a perpetuity in favour of the descendants of the settlor's daughter. (I. L. R. 42 Allahabad 395).

### 3.—Page 72, article 94A (1)—below this clause, add the following note.

*Note.*—This ruling conflicts with the ruling in the case of *Chunilal vs. Bhanumati* at 13 Bombay Law Reporter, 1053.

4.—Page 87, article 113b, below the last line, add I. L. R  
44 Bombay 733.

5.—Page 99, below article 129, add—

129 A.—*Water-rate under section 44 of the Irrigation Act*—In the case of irrigated inam lands which were assessed and recorded as dry crop at the first survey settlement, there can be no difficulty in applying section 44 to the levy of water rate on account of improved water-supply if they now take the Government's water. But there may be some difficulty in dealing with lands which, at the original settlement or in summary settlement sanads, were assessed and recorded as irrigated. If the supply, having formerly lasted upto the end of January, by the improvement becomes perennial, the improvement is clear and decided; but if the supply which previously lasted upto the end of January is now extended by the improvement, say, upto the middle of March, care will be necessary not to over-estimate the extent of the improvement to the injury of the inamdar. In such cases Government in the Revenue Department are of opinion that the powers given by section 44 of the Irrigation Act should be used with caution. ( G. R. 3706 of 28th June 1881. )

6.—Page 182, insert the following as article 236A:—

236 A.—*Alienation office records*:—Examination of papers by the public.

The following rules have been sanctioned by Government in their Resolution, R. D. No. 11144 dated 16th November 1914:—

- (b) A fee of Rs. 10 for each rumal or file taken out by the Karkun for the applicant's inspection.

(3) After making the deposit the applicant will be permitted to come to the Alienation office to have a perusal of the records and to take the necessary notes therefrom. A copy of these notes together with an English translation should be prepared by the applicant at his expense and submitted to the Commissioner for scrutiny. The notes will then be corrected where necessary and a final copy thereof will be supplied to the applicant at his expense with an endorsement of approval under the signature of the Commissioner or his Native Assistant.

(4) Under no circumstances will permission be given to remove records from the Alienation office, and the notes prepared by the applicant from day to day will remain in the Alienation office.

and

- (2) the Mogals to forego  $\frac{1}{4}$ th or *Chouth* and retain  $\frac{3}{4}$ ths of the former revenue.

The Babti was reserved for the Raja and collected by the Pratinidhi, the Peshwa and the Pant Sachiv. The Sahotra was assigned to the Pant Sachiv. The Nargoonda was granted to different persons at the Raja's pleasure. The Mokasa was partitioned among Chiefs as Saranjams subject to dues to the State, both of money and of troops. ## CHAPTER III.

### Saranjams and other Political Tenures.

#### (a) Treaty Saranjams.

**7** Treaty Saranjams, with one exception, viz., Shaikh Mira of Wai, consist of territories out of British India ruled over by Native Chiefs, with Civil and Criminal Jurisdiction, in accordance with the terms of the treaties between them and the British Government. These treaties are given in "Aitchison's Treaties and Engagements," Vol. VII, 4th edition, 1909.

*Note 1*—About Kadim Inams in Native States *vide* articles referring to them in the Treaty with Chiefs.

*Note 2*—For succession *vide* Saramjam Rules (article 14).

**8** At the Royal Proclamation made at the Coronation Durbar at Delhi on the 12th December, 1911 it was proclaimed that from that date no *Nazarana* payments should be made upon succession to Native States (*vide* Bombay Government Gazette, Part I, for 1911, page 2215.)

#### (b) Non-treaty Saranjams.

**9** Non-treaty *Saranjams* were originally granted by the former Governments chiefly to officers in military service. They were as follows:—

(1) *Personal or Jat Saranjams*.—Granted for personal dignity.

(2) *Military or Fouj Saranjams*.—Granted for the maintenance of troops, &c.

(3) *Chouth or one fourth Saranjams*.

**10** Chouth or one-fourth Saranjams pertain to grants made by the Marathas to their Military officers for personal dignity from Chouth or one-fourth part of the revenue of a village situated in the Mogal territory, over which the Marathas established their

sovereignty. The way in which it was done has been explained in the definition of Chouth (*vide* article 6 (5)).

From the 66 P.C. of the *Chouth* the Marathas or the Peishwas made Saranjam grants, among others, which were called one-fourth or *Chouth Saranjams*. They were so called because they formed part of the Chauthai levied from each Mogalai village by the Marathas. These Saranjamdars had, at first, to go to the villages concerned to receive their dues. Subsequently, however, the Nizam's Government assigned a portion of their territory, the total revenue of which was equal to the Chauthai and Sardeshmuki in scattered Moglai villages. The villages thus assigned became entire Government villages, the revenue of which was collected and taken to Government Treasuries with the result that the Chouth Saranjamdars were told to be present at the Government Treasuries to receive their dues.

**11** Military Saranjams have all been resumed by the British Government, by relieving the holders of the maintenance of troops.

Military Saranjams.

**12** Personal and Chauth Saranjams fall under three tenures, as follows:—

Three tenures of personal and Chauth Saranjams.

- (1) Those granted prior to 1751 A. D. to be continued hereditarily.
- (2) Those granted between 1751 and 1796 to be continued to the holder at the introduction of the British Rule, and for one generation further with a pension of half the net proceeds of the Saranjam to the third generation.
- (3) Those granted after 1796, *i.e.*, by the last Peishwa Bajirao II, to be continued to the holder at the introduction of the British Rule, with a pension of half the net proceeds to the next generation.

**13** Government instituted a regular inquiry into each Saranjam, and fixed the tenure in each case.

Inquiry.

*Note*—The tenure of each personal or Chouth Saranjam will be found in column 8 of the Saranjam list for the whole Presidency published by Government.

**14** The following are the Saranjam Rules approved in G. R. P. D. No. 2674 dated 5th May 1898, as Saranjam Rules, ammended by G. R. P. D. No. 4684 dated 29th June 1901. These rules have been published in Government Notification No. 2942 dated 17th May 1898 and in Government Notification No. 4861 dated 8th July 1901 at page 424 and at page 1159 of the Bombay Government Gazette for 1898 and 1901, part 1, respectively :—

In exercise of powers referred to in Rule 10 of Schedule B of Act XI of 1852 and of the second sub-clause to clause 3 of section 2 of Bombay Act VII of 1863, His Excellency the Governor in Council is pleased to issue the following rules for the purpose of determining the terms to which the continuance of Jahagirs and Saranjams and other alienations of a political nature shall be subject :—

- (I) Saranjams shall be ordinarily continued in accordance with the decision already passed by Government in each case.
- (II) A saranjam which has been decided to be hereditarily continuable shall ordinarily descend to the eldest male representative, in the order of primogeniture, of the senior branch of the family descended from the first British Grantee or any of his brothers who were undivided in interest. But Government reserve to themselves their rights for sufficient reason to direct the continuance of the Saranjam to any other member of the said family, or as an act of grace, to a person adopted into the same family with the sanction of Government. When a Saranjam is thus continued to an adopted son he shall be liable to pay to Government a Nazarana not exceeding one year's value of the Saranjam, and it shall be levied from him in such instalments as Government may, in each case, direct.

- (III) In the case of Saranjams which have been decided to be continuable for two generations with a pension to the third, the eldest surviving son shall be considered to represent a generation, and the entire Saranjam shall descend to him, when he represents the second generation from the first British grantee and a pension when he represents the third. But if the eldest son or sons of the British grantee have died before their father, but leave sons, the grandson who ranks first in the order of primogeniture shall on his grandfather's death be regarded as the second generation, and the entire Saranjam shall be continued to him, no pension being granted to the next generation.
- (IV) Proposed orders regarding succession to Saranjams in accordance with the above rules must, as they constitute a technical regrant of the Saranjam, be submitted in all cases for the sanction of Government.
- (V) Every Saranjam shall be held as a life-estate. It shall be formally resumed on the death of the holder and in cases in which it is capable of further continuance it shall be made over to the next holder as a fresh grant from Government, unencumbered by any debts, or charges, save such as may be specially imposed by Government itself.
- (a) In cases in which there is no suitable person to whom a regrant can immediately be made; or in which an immediate re-grant would be injurious to the interest of the estate, the Saranjam may be attached and placed under Government management for such period as Government may consider necessary; and the revenues of the Saranjam after deduction of the expenses of management, may be assigned for the maintenance of the representatives of the deceased Saranjamadar, in such manner, and in such proportion as Government may from time to time direct.
- (VI) No Saranjam shall be capable of sub-division.
- (VII) Every Saranjamdar shall be responsible for making a suitable provision for the maintenance of the widow

or widows of the preceding Saranjamdar, his own brothers, or any other member of his family, who having a valid claim arising from infancy, mental or physical infirmity, rendering such member incapable of earning a livelihood, may be deemed deserving of support at his hands. When this obligation is not fulfilled by any Saranjamdar, Government may direct him to make suitable provision for such persons and may fix the amount, which he shall pay, in each instance; provided that no one who has independent means of his own, or is in the opinion of the Government otherwise sufficiently provided for, shall be entitled to maintenance from the Saranjamdar.

- (VIII) Every order passed by Government under the above rule, for the grant of maintenance by a Saranjamdar shall hold good during his life-time only.
- (IX) If an order passed by Government under rule ( VII ), is not carried out, Government may, whatever the reason may be, direct the Saranjam, or a portion of it, to be resumed, as the circumstances of the case may require. Provision for the members of the Saranjamdar's family entitled to maintenance shall then be made by Government out of the revenues of the Saranjam so resumed.
- (X) Whenever it appears that a Saranjam or its revenues have passed by attachment or any other process of the Civil Court into the hands of a person, other than a Saranjamdar, Government will ordinarily direct the Saranjam to be resumed, and pass such order as to its regrant or other disposal as may seem to them fitting.
- (XI) The above rules shall be applicable not only to Saranjams proper, but also to Chouth Saranjams.
- (XII) Any Inam granted on political considerations shall be continued in the terms of the Sanad or order creating the grant. In the event of any such Inam passing out of the possession of the family, for whose support it was granted, it shall be liable to resumption, unless

there be an express provision, permitting such transfer, in the terms of the grant.

**15** The following rules are laid down for the guidance  
Payment of arrears. of Government Officers:—

(A) *Lapsed Saranjam;—lands and villages.—*

- (I) Of the revenues of the current year, the family shall be entitled to a sum bearing the same proportion to the next collections during the year, that the period of the year which elapsed *prior* to the demise of the chieftain bears to the whole year. To *illustrate* this rule, suppose that a Saranjamdar dies on the 11th of February 1913, without male heirs; but leaves a widow. At his death the revenue year was 1912-13. *The period prior to his death, viz., the period from 1st August 1912 to 10th February 1913, is 194 days.* Suppose the revenue demand of his Saranjan village is Rs. 4000, out of which Rs. 3650 are actually recovered upto the end of that revenue year. In this case, therefore, the Saranjamdar's surviving widow will get Rs. 1940, as shown below:—

$$\begin{array}{rcl} 365 & : & 194 & : & : & 3650 \\ 194 \times 3650 & = & 1940 & ; \end{array}$$

---

365

or 365 is to 194

as 3650 is to 1940—

- (II) The family will be held to possess no claim on that portion of the current year's revenue, which may remain uncollected at the end of that year; *e. g.*, 350 rupees in the above illustration.
- (III) Of the revenue of the past years, the family will be permitted to retain all that the deceased chieftain or last incumbent may have collected upto the date of his death, and will receive all that may subsequently be realized within one year from that date *e. g.*, suppose that, in the above example Rs. 500 were arrears

on account of several years previous to 1912-13, out of which Rs. 300 were collected by the deceased Saranjamdar during his life-time, Rs. 200 remaining uncollected, on account of past arrears. Upto the end of the 10th February 1914, only Rs. 50 were collected. The widow will get only Rs. 50, and will have no claim on Rs. 150 left uncollected.

- (IV) The year to be used in the calculations of the current revenue shall be the *revenue year* commencing from 1st August.
- (V) The Officers of Government should exert every effort to realise all balances of the nature alluded to in sub-rule (III) within the period mentioned, namely twelve months after the demise of the last incumbent, but after its expiration, all claims whatever, of the family, over the lapsed estate should forever cease. (Court of Director's Despatch No. 10, dated 4th February 1852, paras 33, 34, G. L. No. 2759, dated 17th June 1852.)

(B) *Lapsed Saranjams; cash allowances*: In this case the calculations referred to in rule (A) (I) above are to be made not for the Revenue year commencing from 1st August, but for a year commencing from 1st May, and ending with 30th April of the next year. (Commissioner C. D.'s No. 1066, dated 3rd December 1900).

(C) *Saranjams regranted after formal resumption: lands and villages*: A regrant of a Saranjam takes effect from the date of the death of the last holder and the new holder can have no claim, as Saranjamdar, to any revenue accruing due before that date, which should be held to be the deceased Saranjamdar's *private estate*, devolving upon his heirs according to Hindu or Mahomedan Law (L. R. No. 102, dated 22nd January 1886. G. R. No. 932 dated 4th February 1886).

*Example.* In a Saranjam village the first instalment of land revenue is payable on the 5th of January. If the Saranjamdar dies on 5th January leaving only a widow, and a separated brother, the brother succeeds *on that date* and consequently

owns the whole instalment due on that date. But if the Saranjamdar dies, say, on the 6th of January, the whole instalment due on the 5th of January will be the deceased Saranjamdar's private property, and will go to his widow as his heir according to Hindu Law ; and the brother, who succeeds to the Saranjam, will get nothing out of that instalment.

(D) *Saranjams regranted after formal resumption—cash allowances*—Cash allowances payable on 1st May will go to the next Saranjamdar if the former Saranjamdar dies on or before the 1st of May.

(E) *Posthumous son*.—When a Saranjam is regranted to a posthumous son, the arrears payable before his birth should be calculated from the date of the death of his father, and not from the date of his birth. (G. R. No. 647 of 8th February 1878 P. D.).

**16** It is unusual to issue Sanads for Saranjams or political holdings declared by Government to be continuable hereditarily. Communications made by the Alienation Department and the Collectors are held sufficient for their continuance. (G. R. P. D. No. 4302 of 29th May 1885.)

Non-issue of Sanads.

**17** A Saranjam is *prima facie* and in the absence of express words, or necessary implication, to the contrary, a grant of the royal share of the revenue only from lands or villages and not of the soil. (*vide* I. L. R., 6 Bombay 603 and 41 Bombay 408).

Lands or villages.

**18** In exercise of the powers referred to in Rule 10 of Schedule B of Act XI of 1852, and of the second sub-clause to clause 3 of section 2 of Bombay Act VII of 1863, the Governor in Council is pleased to direct that all future regrants of Saranjam villages shall be subject to the conditions that the lands in them shall be surveyed, and the record of rights introduced. The introduction of a Survey Settlement into these villages shall be left to the option of the grantees, for the present. (G,

Survey and Record of Rights.

R. P.D. No. 4733, dated the 12th June 1912. Government Notification No. 5060 dated 25th June 1912 published at page 981 of the Bombay Government Gazette dated 27 June 1912 part I).

**19** Although the Saranjamdar has no proprietary right in the land, Government do not interfere in his management of unoccupied lands in the village-sites during his life-time. (G. L. No. 5983 dated the 7th September 1908, Commissioner C. D.'s No. 725, dated 24th July 1908).

**20** No suit will lie against Government in relation to lands held under treaty, or to lands granted, or held as Saranjam, or on other political tenure. (I. L. R. 34 Bombay 232—*Ramrao vs. Secretary of State*; Bombay Revenue Jurisdiction Act X of 1876 section 4) (a).

**21** When a Saranjam, consisting of a Native State outside British India, and *Inam* lands and villages in British India are continued to one person under a treaty, the lands or villages in British India are ordinarily to be continued as *Political Inam* to the Saranjamdar holding the Gadi from time to time (*vide* I. L. R. 17 Bombay 431).

Lands or villages belonging to Native Chiefs, but situated in British India.

Suits against Government.

## CHAPTER IV.

### Personal Inams.

(*Vide also Chapter IX, Inam land in general*).

**22** In 1842 Government appointed the Bombay Inam Commission for the investigation of claims to alienated revenue in the Deccan and the Southern Maratha country. They submitted to Government reports on each case, but made slow progress, and consequently in 1852 Government passed an Act (India) XI of 1852—'Titles to rent-free estates', for the purpose of enabling them to complete their inquiry without further delay. The officers of the Inam Commission thereupon called for evidence and passed decisions in each case, either for the resumption or continuance of Inams (lands, villages and Amals).

Their proceedings were, however, still dilatory, and consequently in 1861 Government abolished the Inam Commission and passed a draft of a Summary Settlement Act for the Deccan and Southern Maratha country and other acquired territory. This act subsequently became Bombay Act II of 1863. In that year, Government also passed Act VII of 1863 relating to Guzerath, and other ceded Districts of Thana, Kolaba and Ratnagiri.

Note I. Acts II and VII of 1863 dealt with lands, villages and Amals and not with cash alienations except Amals.

II. For a narrative of the Bombay Inam Commission, see Selections from the Records of the Bombay Government No. CXXXII New series.

**23** The following table is given in order to show the different kinds and tenures of Inams consisting of lands, villages, Amals and cash under Personal Inams :—

Different kinds and tenures.

N. B. (1) In this table the figure 1 under different tenures A, B, C, D, denotes that the kind of Inams given in column 2 exists under that tenure.

B=Hereditary.

C=For more lives than one.

*Lands, villages or Amals.***24** No. 1 (in the Table in Rule 23).

The Inam Commission limited their inquiries to lands, villages and Amals in the following territories:—

- (1) Khandesh, (2) the Deccan and Southern Maratha country and (3) Annexations after 1818 viz., Mandvee, Godhra etc.

They had to *resume* Inams i. e. withdraw exemption from payment of land-revenue, or to *continue* these exemptions.

- (a) *So long* as there be in existence any lineal male heirs, in male line of the original grantee.

*Note.* The words "so long" do not require the land to be in actual possession of the lineal male heir; but Government have only to satisfy themselves that such an heir is in existence;

- (b) for *three, two* or *one* generation; the decision in each case by the Inam Commission was communicated to the person concerned. Copied to these decisions are treated like sanads in cases, in as much as no sanads have been issued in cases inquired into by the Inam Commission.

**25** Nos. 2, 3, 4.

Some of these were turned into private property, at option of the holders by what is called 'Terminable Inam Settlement. minable Inam Settlement', the terms which were as follows:—

- (1) Holders of Inams continuable for *one* life, to pay two-thirds of the revenues.
- (2) Holders of Inams continuable for *two* lives, to pay half the assessment.
- (3) Holders of Inams adjudicated as continuable for *three* lives, to pay one-third the assessment.

In the case of life-holdings it was further ruled that, in the event of any holder dying before the expiration of 10 years

from the date of his accepting the Settlement, succession would only be allowed on the amount due to Government for the unexpired period being paid as Nazar. (G. R. No. 2115, dated 6th June 1864 and 530, dated 9th February 1865 and Despatch to the Secretary of State No. 43, dated 13th December 1875).

No lapsed holding was revived under the Terminable Inam Settlement, and the terms of commutation were only offered in instances in which an individual during whose life a holding would not lapse to the state was alive. Grants by the British Government were also treated under the Settlement.

The terms of commutation were based upon the state of the holding at the time of the settlement, and not upon its condition at the date of decision by the Inam Commission, or grant. This principle being decided upon, all distinctions between the treatment of life-holdings, whether originally adjudicated to be continuable for life or which by circumstances had become life-holdings, was abolished. In the event of the holders of life-Inams not surviving ten years from the date of acceptance of terms, the balance of revenue for the unexpired term was ordered to be paid up before succession could be admitted, and it was directed that no Nazarana should be levied on succession to, or transfer of these holdings.

71 In Inam entitled to continuance for one generation further than that in which it was on 6th June 1864, but the holder of 72 had no sons was treated as in its last generation but one.

**26** The Inam Commission inquired into certain Inams enjoyed by village servants *then* useful to community and declared that they should be continued without any land-tax. Subsequently, however, some of these officers, *e. g.* *Sutars* or carpenters, were found to be useless and obsolete. Their holdings were turned into private property by being subjected to a Judi of 3 as. in a rupee, for exemption from service (vide *Sanad* No. 6) Appendix B.

No. 6.

**27** As already stated, the proceedings of the Inam Commission were dilatory. Hence with a view to bringing their work to a speedy termination this Act was passed. Under this Act holders of personal and Dewasthan Inams only, not previously inquired into by the Inam Commission were offered the following terms on which their Inams were to be continued as private property :—

Summary Settle-  
ment Act II of  
1863 Nos. 6 and 7.

Inams already inquired into and continued hereditarily in perpetuity were turned into private property at the option of the holders in cases in which they agreed to pay.

- (a) an *annual Nazarana* of one anna in each rupee of assessment, in commutation of all claims of Government in respect of succession and transfer (vide *Sanad* forms).

- (b) an *occasional Nazarana* (in lieu of an annual *Nazarana* exceeding Rs. 10) equal to one year's revenue on each *succession*, or two year's revenue on other *transfer* (vide *Sanad* forms).

No. (10) Land.

„ (11) Village.

„ (12) Amal.

**28** A was the holder of certain land, village or Amal assessed at Rs. 16; and the Inam Commission, on enquiry decided, in 1854, that the said land etc. should be continued, so long as any lineal male descendant in the male line of the original grantee (ancestor of A) was in existence. In 1863 A was dead, and his son B was asked whether he would like to turn the holding into private property by paying to Government *annually one rupee* out of Rs. 16. On his consenting to do so, the land etc., was transferred from hereditary tenure (B) to private tenure (A), and subjected to the payment of *one rupee annually* and permanently, even though the assessment of Rs. 16 was liable to increase or decrease at future Revision Surveys.

**29** A was the holder of certain land, village or Amal, assessed at Rs. 320. The Inam Commission, on enquiry decided in 1856 to continue the Inam so long as there is in existence any lineal male descendant, in male line, of the original grantee (ancestor of A). In 1861, when the *draft* Summary Settlement Act (which subsequently became Act II of 1863) was in force, A was dead; and his son B, on being asked, consented to turn his holding into private property. He was given one of two alternatives—

- (1) to pay 320 as. (Rs. 20) every year, permanently, as *annual* Nazarana, in the way shown above, or
- (2) to pay *Occasional Nazarana* as described below :—
  - (a) on one or more successions by inheritance within *twelve* months, or on each succession by inheritance at an interval of more than twelve months Rs. 320 are charged as Occasional Nazarana.
  - (b) on every *transfer*, otherwise than by inheritance Rs. 640 are charged.
  - (c) The Occasional Nazarana in (a) is to be recovered from the heir; and that in (b) from the transferee.

- (d) If the *heir* fails to give a *notice* to the Collector *within one month* after succession he is to pay Rs. 320 in addition as a fine. Similarly if the transferor or transferee fails to give such notice, *each* of them will have to pay Rs. 640 in addition as a fine.
- (e) The amount of occasional Nazarana is not liable to increase or decrease at Revision Surveys; and may at the holder's discretion be paid by annual instalments, not exceeding one-fourth of the whole amount.

Note (1) When lands, villages or Amals are sub-divided on partition among Bhaubands, the succession to, or transfer of each such divided portion is dealt with *separately* for the purpose of levying occasional Nazarana.

Note (2) In the case of Inam villages subject to the payment of occasional Nazarana

- (a) Endeavour should be made to obtain the consent of the Inamdars (1) to the payment of annual instead of occasional Nazarana or (2) to accept Survey Settlement to authorize the introduction of the record of rights.

In case Inamdars are unwilling to adopt either course a careful watch should be kept on future transfers and sub-divisions and direct payment should not be made by village officers without the previous sanction of higher authorities.

(G. R. 9616 dated 5-10-1916).

Note (3) When land &c. pass from one person to another under a Civil Court's Decree the transfer is not voluntary; and consequently the original holder is not liable to pay the penalty for failing to give notice. (G. R. No. 5187, dated 19th July 1893).

Note (4) Nazarana is not leviable when lands already mortgaged are redeemed, as this redemption does not amount to a transfer, *vide* definition of transfer (G. R. No. 1088 dated 5th February 1896).

**30** Nos. 8 and 9.—In the case of Inams not already enquired into by the Inam Commission, the holders were required to pay an annual quit-rent equal to  $\frac{1}{4}$  assessment (chauthai or 4 as.) for exemption from enquiry, *and* either—

Not inquired into by the Inam Commission.

- (1) An annual Nazarana of one anna in the rupee (*vide* Sanad forms), in Appendix B.

No. (13) Land.

„ (15) Amal, or

- (2) An occasional Nazarana as described above, (*vide* Sanad forms.)

No. (16) Land.

„ (17) Village.

„ (18) Amal.

**31** In the example given in Article 28 but without inquiry by the Inam Commission, the holder consented to pay to Government for ever and without increase or decrease, an *annual* amount of Rs. 4 (chauthai) plus 1 (Annual Nazarana)=5.

Example of Chauthai and annual Nazarana.

**32** In the example given in Article 29 but without inquiry by the Inam Commission A or his *heir* or *transferee* had *always*, to pay *annually* Rs. 80 as Chauthai without increase or decrease; *and*

Example of Chauthai and occasional Nazarana.

- (a) an *heir* succeeding after an interval of twelve months had to pay Rs. 320, after *notice* to the

Collector within one month of succession ; but in default of such notice Rs. 320 *in addition* as a fine.

- (b) and a *transferee* giving *notice* within one month from the date of the transfer had to pay twice that amount (Rs. 640) ; but in default of such a notice either by the transferee or the transferor, each of them had to pay Rs. 640 in addition as a fine.

N. B.—In the case of an Amal payable from the Government Treasury, say of Rs. 320, the Chauthai (Rs. 80) is not actually levied in cash, but deducted permanently by reducing the amount of Rs. 320 to Rs. 240. In this case the occasional Nazarana to be levied is not, however, equal to Rs. 240, as is sometimes erroneously supposed, but it is Rs. 320 in case of succession and Rs. 640 in case of transfer.

Note 1.—In the case of divisions of Amals subject to occasional Nazarana and payable from a Government Treasury, the recognition of different shares pre-supposes a notice. No separate notice is therefore necessary.

Note 2.—In some cases lands were relinquished in favour of Government in lieu of annual payment of Judi in cash.

Note 3.—In a case in which Judi was fixed on survey assessment plus water rate which is subsequently abolished owing to lack of water, Government as an act of grace remitted the proportionate Judi on the water-rate so abolished. (G. R. No. 1860 of 27th February 1914 R. D.)

**33** Serial No. 10—In cases in which the Inams had not already been enquired into by the Inam Commission, and the holders thereof did not accept Summary Settlement, as in Article 30, regular enquiry was made, on demand from

Cases in which inquiry was demanded.

the holders, calling for evidence, and orders were passed either for *resumption* or *continuance*, as stated in Section 6 of Act II of 1863.

In case of *continuance* the following rules had to be complied with :—

- (1) The land etc., was to be continued without payment of land-tax *only to a male heir by actual descent* from the original grantee.
- (2) As soon as such land etc., or any part thereof, passed to any person other than an heir mentioned above in (1), either by Hindu or Mahomedan Law or by devolution, assignment, gift, judicial or private sale etc., the land etc., became liable to payment of annual land-revenue at the full assessment e. g., if two brothers, K, and L, were divided in interest, and K dies leaving a widow, the widow will succeed to the land etc., under Hindu Law; but in as much as she is not 'a male heir by actual descent from the original grantee', the land etc., will be subjected to full assessment. Similarly if the land etc., passes to the *purchaser* at a Court Sale, such purchaser not being a 'male heir by actual descent' full assessment will be levied.

### 34 Nos. 11 and 12.

As already stated the Inam Commission was not appointed for inquiring into Inams in *Guzarath* and *Konkan*. Consequently the holders of Personal Inams and Dewasthans therein had either to accept Summary Settlement under Act VII of 1863, or to demand regular inquiry, as laid down in Sections 10 to 19 of the said Act.

Summary Settlement in Guzerath &c. Act VII of 1863.

- (1) Those who accepted Summary Settlement were required to pay permanently to Government 2 annas in the rupee both for exemption from inquiry, and in commutation of all claims of Government in respect of succession and transfer. (*Vide* Sanad forms in Appendix B.)

#### CHAPTER IV.—PERSONAL INAMS.

- (2) In the case of those who demanded enquiry, orders were passed either for resumption or continuance on the conditions mentioned in each order e. g. the tenure of a village in the Thana District was decided after inquiry as follows :—

The village shall be continued as hereditary Inam so long as there are in existence lineal male heirs in the male line of the original grantee, exempt from payment under Act VII of 1863.

### 35 Nos. 13, 14, 15.

Other cases summarily settled under Act VII of 1863.

These cases are as follows :—

- (1) Narwadari tenure—2 annas Judi (vide Sanad (22) ).
- (2) City Survey, Ahmedabad—2 annas Judi (vide Sanad (23) ).
- (3) City Survey—Broach—2 annas Judi (vide Sanad (24) ).

### 36 No. 16.

On the introduction of City Survey, Sanads confirming revenue-free lands are issued under Section 131 of the Land Revenue Code (vide Sanad (25) ).

### 37 Nos. 17-25.

Under special orders of Government, and Sanads issued in Outside the scope of Acts, each case the following Inam lands were continued :—

No. 17.—Halee Waola and Kacha lands in Chikhali—turned into private property—2 annas Judi, (vide Sanad (26) ).

No. 18.—*Kalavantin* or professional songstress Inams in Satara. These were formerly granted by the Maratha Government—turned into private property, Judi 4 annas (vide Sanad (27) ).

No. 19.—*Malek Nakri* lands in Kaira. These lands were given to certain families in Kaira, which were called *Gharkhed* i. e., land cultivated by means of home-labour. They are continued only to lineal descendants of the original holders and their heirs, rent free for ever (vide Sanad (28)).

No. 20.—*Palnuk tenure*. This tenure prevails in a few villages in Peta Paud, of Taluka Haveli, in the Poona District. An account of this tenure will be found in the Bombay Gazetteer, Poona, Volume 18 page 357 and in Government Selections No. 70 (New series). (Papers relating to the Revision Survey of Mawal Taluka). Under this tenure certain land holders of the better classes, such as Brahmans, village officers, and servants etc., enjoy their lands at a reduced assessment under the name of *Palnuk* which generally consists in an exemption from the extra *patti* for *haks*, village expenses and other *babs* to which common ryots are liable.

*Palnuk* tenure, being personal, ceases with the transfer of the land and entails the levy of full Survey assessment, subject to the following exceptions:—

- (1) Transfer by lineal descent—succession.
- (2) Mortgage without possession.
- (3) In the case of usufructuary mortgage i. e. *Budit Gahan* (or mortgages repaid by usufruct of the land for a period of years). The exemption will be renewed after the expiration of the term of usufruct. (G. R. 2698 of 1847; G. R. 12464 of 7-12-1908; G. R. 6086 of 23-6-1909.)

**41** Nos. 42 to 46.

Originally their Highnesses the Nizam, the Scindia and Holkar possessed some villages in the British Territory, in which they had Civil and Criminal Jurisdiction. For the convenience of administration, exchange of territories took place under special treaties between them and the British Government. The following example will clearly illustrate how the exchange took place :—

Treaties with  
Native Chiefs.

A was a village, with Rs. 1,000 as revenue, belonging to H. H. the Scindia. There was also another village B with a revenue of Rs. 500, which was given by H. H. the Scindia as Inam to the family of X. When the exchange took place, the Scindia wanted a British village or lands, situated near Gwalior, assessed at Rs. 1,000, in exchange for village A ; and as regards the village B the Scindia's only request was that the British Government should continue his Inam grant to X. The British Government accordingly continued

the village B to X, and gave lands assessed at Rs. 1,200 to the Scindia with a condition that an annual payment to the British Government of the excess amount of Rs. 200 should be arranged for. The Scindia however, made the following arrangement for the payment of this sum :—he gave lands assessed at Rs. 200 in Inam to X, out of the lands given to him by the British Government and told X to pay Rs. 200 annually to the British Government from the revenue of his Inam village B, transferred to the British Territories.

This payment of Rs. 200 by X is known as "*Istimrar* (perpetual Judi.)"

*Istimrar judi*—The *Istimrar judi* is a fixed and invariable amount not subject to any remission even on account of blight or failure of crops (vide condition 4 of letter No. 1829 dated the 5th August 1861 from the Agent to the Governor-General, Central India, to the Secretary to Government of Bombay.)

His Highness Sindia's grants to others as Inams in British Territory were to be continued "*Putra Pautradi Vansh Param Para*" i. e., to son, grandson and so on from generation to generation. This expression includes females. (G. R. No. 1977 dated 12th March 1904).

If X subsequently wanted to convert his Inam village into private property he was asked to pay permanently 2 annas in the rupee on Rs. 500. This is the reason why there are Sanads issued both for *hereditary* as well as for the subsequent *private* tenure as given below :—

No. 42—Nizam (private property) 2 annas Judi Sanad (68).

No. 43—Sindia (private property) 2 annas Judi Sanad (69 and 70).

No. 44—Sindia (hereditary) Sanad (71 and 72).

No. 45—Holkar Sanad (73).

No. 46—Sindia Village of Ane Sanad (74).

## 42 No. 47.

The lands of village servants, found to be useless were turned into private property in accordance with the following instance :—

Useless village servants.

Suppose a carpenter to hold land assessed at Rs. 9 and to receive Rs. 4 in cash. First of all both the assessment and the cash were halved and reduced to Rs. 4-8-0 and 2 respectively. As regards Rs. 2 in its settled or halved state the carpenter was asked whether he would receive Rs. 2 × 20 in final extinction. If he accepted Rs. 40 the land was permanently subjected to a quit-rent of Rs. 4-8-0 (vide Sanad No. 75). If he refused to take this lump sum, Rs. 2 were merged in the land Settlement of Rs. 4-8-0, and the Judi of Rs. 4-8-0 was permanently reduced to Rs. 2-8-0. In either case payment of the cash item was got rid of by Government.

*Note.*—If the carpenter received only a cash allowance it was first halved and the halved amount was dealt with as follows:—

- (I) If under Rs. 1 it was compulsorily bought up at 20 times its value.
- (II-1) If it equalled or exceeded Rs. 1 it was bought up with the consent of the holder at 20 times its value, *or*
- (II-2) If he did not consent, it was continued to him during his life-time only and stopped on his death (G. R. R. D. No. 1269, dated the 31st March 1868.)

## 43 (No. 48).

## CHAPTER V.

### Dewasthan Inams.

**57** The Inam Commission referred to in Article 22 inquired into Dewasthan lands, villages and Amals, and passed decisions in each case. Those that remained to be inquired into after the abolition of the Inam Commission were dealt with summarily under Act II or VII of 1863, by the imposition of an annual quit-rent of  $\frac{1}{4}$ th or  $\frac{1}{8}$ th of the assessment respectively.

Similarly the rules relating to the Settlement of cash allowances in the Panch Mahals District are given in Appendix A No. 3.

**63** This management is generally made either (1) by  
Management of Temple Committees, existing in the case of  
endowment pro- large endowments, or at places where annual  
perty Temple Com- fairs or pilgrimages make the temple of  
mittees. importance, or (2) by individuals.

**64** As regards Temple Committees the following rules  
 are to be observed:—

- (1) Collectors are on no account to interfere with the nomination of the committee for the management of funds belonging to temples, and the nominations do not require their confirmation (G. R. No. 2335, July 14, 1858 and No. 2753, July 27, 1867).
- (2) In endowed temples managed by Committees the power of electing to vacancies may be given to the community interested in the endowment; where no such communities exist, the election may be left to the Committees themselves (G. of I with G. R. No. 1657, May 22nd 1841).
- (3) No Native stipendiary public servant is to be a member of any Committee for the management of a religious endowment (G. R. No. 4791, Oct. 15, 1845).

Exception.—Hereditary District and Village officers are not to be considered as stipendiary public servants. ( G. R. 5952, 15th December 1846).

- (4) Collectors have nothing further to do with temple grants than merely to hand them over to the recognised or legal recipients whenever they appear and apply for them. If contending parties assert that they are the legal recipients, the Collector should not enter into, nor listen to their discussions, but should refer them to the Civil Courts. ( G. R. No. 4712, November 29, 1864).
- (5) Government does not insist on the due performance of the rites for which allowances may have been appropriated by former rulers. These matters must be left to the natives themselves, and public officers have only to satisfy themselves that the claimants of these allowances are the persons entitled to receive them. ( G. R. No. 3681, December 15, 1842).
- (6) Government do not wish to interfere in the management of the funds of religious institutions, but they consider that the just rights of Poojaries should be upheld. ( G. R. No. 4569, June 10. 1850).
- (7) Collector's interference is permissible only in cases of—
  - (a) gross negligence,
  - (b) want of superintendence,
  - (c) misappropriation of funds on the part of the members of the Committee,
  - (d) indecent practices,
  - (e) practice of hook-swinging,
  - (f) when the members of the community pray for the removal of a member of a Committee, because of his disability—leprosy etc.

( G. R. No. 599, 25th February 1856.)  
 ( " " 4882, 10th December 1856.)

- (8) Committees in receipt of Devasthanana allowances from Government are bound to show their accounts to such members of the community as at any reasonable time may demand inspection, and if they fail to do so, Government will suspend payment of the allowance. (G. R. No. 3385, 21st July 1857).

*Note.*—Special Rules for the District of Canara under Act XX of 1863 have been sanctioned by Government in their G. R. No. 1662, 7th May 1866 (vide Appendix A, No. 4).

Individuals holding  
Devasthan  
lands &c.

**65** When endowment property consists of lands, or villages, the following persons are the rightful holders :—

- (1) The holder recognised by the Inam Commission or his descendant.
- (2) The holder (or his heir) to whom a Summary Settlement Sanad under Act II or VII of 1863 was given.
- (3) The grantee (or his heir) by H. H. the Scindia, Holkar or Nizam, recognised by Government at the time of the exchange of territory.
- (4) In cases (1) to (3) a male or female can succeed as manager under Hindu Law vide G. R. R. D. No. 3016, dated 26th March 1912. Kazi Inam lands may also be entered in the names of females and they can render service by proxy when religious or spiritual duties have to be performed. (G. O. No. 11744, R. D., dated 5th November 1919).
- (5) When any such persons i. e. from (1) to (4) die heirless or cannot be found the Collector may give the land into the possession of an outsider. (Vide Commissioner C. D.'s Circular No. 397 of 3-6-1902).
- (6) No manager of an endowment property can claim the power of appointing a successor by will. (G. R. R. D. No. 1816, 26th February, 1914).

- Resumption.      existing holder should be ordered when
- (a) the profits of the Inam land have been diverted to the institution concerned ;
- or
- (b) the institution itself has ceased to exist, or to be as such. (G. R. Nos. 12302 of 2-12-1908, and 9012 of 2-10-1913).

*Note.*—Full assessment cannot be legally levied on alienees of endowment property which has been settled under Bombay Act VII of 1863, i. e. in Thana and Kolaba and in the districts of Guzarāt (except the Panch Mahals).

If any endowment lands still await settlement under Act VII of 1863, a clause forbidding alienation should be included in the form of Sanad. (G. O. No. 6922, R. D., dated 9th July 1919).

(I. L. R. 43 Bombay 583, or 21 Bombay Law Reporter, 668).

- 67** Government, however, generally sanction the restoration of lands, partly or wholly revenue-free, on the original conditions, provided the cause of resumption is completely removed ; e. g. redemption of a mortgage, re-building of a ruined temple, or re-installation of a deity. (G. R. R. D. No. 6619 of 17th July 1912 ; G. R. R. D. No. 1066 of 31-1-1907).

*Acquisition of Dewasthan lands.*

- 68** (1) When Devasthan Inam lands are acquired for a public purpose, Government waste land, if available, of equal assessment should be given in exchange.
- (2) When land in exchange cannot be given, or is not accepted, an arrangement should, if possible, be made for the award of an annual cash allowance equivalent to the amount of

interest at  $3\frac{1}{2}$  p. c. annually accruing on an amount equal to the market-value of the land (as ascertained in the usual way) *plus* 15 p. c. on account of compulsory acquisition :

provided that the allowance to be awarded shall in no case be less than  $2\frac{1}{2}$  times the Survey Assessment:

provided also that where the value of the land is so small as to produce an allowance of Rs. 5 per annum, or less, the acquiring officer may, at his discretion, award a lump sum instead of the allowance.

Note I.—The market-value of Inam land will ordinarily be equal to the market-value of similar Khalsa land *plus* the capitalised value of the difference between the assessment and the Judi.

- (3) In every case the Collector should direct that the Judi payable by the holder on his holding should be reduced by the proportionate amount of Judi on the land to be acquired. The cash allowance due under Rule (2) should, if possible, take the form of a further reduction of Judi. In cases where the allowance exceeds the Judi remaining after the deduction of proportionate Judi, this remaining Judi should be abolished, and the cash allowance reduced accordingly; provided that, where the allowance so reduced amounts to Rs. 5 per annum or less, the acquiring officer may, at his discretion award a lump sum equal to 25 times its amount. (G. R. R. D. No. 1279 of 6th February 1912; G. R. R. D. No. 10256 of 1st November 1911).

If any endowment lands still await settlement under Ac. VII of 1863, a clause forbidding alienation should be included in the form of Sanad. (G. O. No. 6922, R. D., dated 9th July 1919).

**67** Government, however, generally sanction the resto-  
 ration of lands, partly or wholly revenue-free, Restoration. on the original conditions, provided the cause of resumption is completely removed ; e. g. redemption of a mortgage, re-building of a ruined temple, or re-installation of a deity. (G. R. R. D. No. 6619 of 17th July 1912 ; G. R. R. D. No. 1066 of 31-1-1907).

*Acquisition of Dewasthan lands.*

**68** (1) When Devasthan Inam lands are acquired for a public purpose, Government waste land, if available, of equal assessment should be given in exchange.

- (2) When land in exchange cannot be given, or is not accepted, an arrangement should, if possible, be made for the award of an annual cash allowance equivalent to the amount of

areas as in such cases the proceedings are more public than in ordinary cases and agitation may be fomented more easily.

- (d) The procedure out-lined in (b) above may be dispensed with under the orders of the Local Government in any case in which, owing to the large area involved, or any other cause, the preparation of the necessary statements would cause excessive delay. (G. R. No. 1179 of 30th January 1915).

**70** The grant of certificates under the Pensions Act to Pensions Act file a suit for partition should be refused, because no private and personal rights exist in respect of the endowment-property. (G. R. R. D. No. 7438 of 11-10-1897).

**71** The mineral rights in endowment property do not vest in Government. (G. R. R. D. No. 1889, 6th March 1905).

**72** The following are the rules for the grant of revenue-free sites for the construction of religious buildings:—

Revenue-free grants of land for a religious purpose.

- (a) At the cost of local or Municipal funds—

(1) the *Local Government* has power to grant the occupancy of the site revenue-free, in perpetuity, or for a term, when the value of the site, estimated as a revenue-free holding, does not exceed Rs. 10,000.

(2) the *Commissioner* has the above power upto Rs. 5,000.

(3) the *Collector* has the same power upto Rs. 250.

- (b) At the cost of *other* than Local or Municipal funds:

(1) the *Local Government* has the above mentioned power upto Rs. 1,000.

(2) the *Commissioner* has the above power upto Rs. 500.

- (3) the Collector has the same power upto Rs. 50, (Rule 11 under Section 214 of the Land Revenue Code amended by G. N. No. 3520 R. D. dated 12th April 1912).

*Rules to prevent sales of Dewasthan lands.*

**73** If the sale of lands held free of assessment for religious and charitable purposes under the decree of the Civil Court has not yet been confirmed, applications should be made to the Subordinate Judge under Section 311 of the Code of Civil Procedure to set aside the sale on the ground of material irregularity, and, if the Court declines to set aside the sale, an appeal should be made. (Under Section 313, the purchaser can apply to have the sale set aside, if the person whose property is purported to be sold had no saleable interest therein).

2. If the sale has been confirmed, proceedings should be taken under Section 334 of the Civil Procedure Code; but the Collector should not intervene in case of sales under decree of Court which are not recent and appear to be "time-barred." In recent and future cases he should intervene as advised by the Legal Remembrancer, and Government will defray the costs in such cases, if necessary.

3. In case of private sales and alienation not under decree and of sales under decree "time-barred," it is not desirable that the Collector should bring a suit to enforce proper application of the endowment; but he should assist, as far as he can, any person who may wish to bring such a suit, and Government will be prepared to consider the propriety, on the Collector's recommendation of guaranteeing such a suiter the costs of the suit if decreed against him. (G. R. 4908 of 27th August 1875, R. D. and G. R. 6921 of 9th December 1875 R. D.).

**74** A dedication of a small portion of the joint Hindu family lands to an idol of a temple by the father or manager of the family on the occasion of the funeral of a deceased member is not, by the law of India, required to be in writing and is valid and binding on the other members of the family as a gift ordained 'for pious purposes,' (I. L. R. 42 Madras 440.)

**74A** *Endowment*.—Under the Hindu system of law, a general endowment for the worship of God without giving the name of the deity for whose benefit the endowment is to take effect, is void for uncertainty.

(I. L. R. 46 Calcutta 951.)

**74B** *Temple*.—The manager of a public temple has no right, under Hindu law, to remove the image from the old temple and instal it in another new building especially when the removal is objected to by a majority of the worshippers. ( 22 Bombay Law Reporter, 334).

( I. L. R. 44 Bombay, 466. )

**74C** *Worship*.—A suit to establish a right to worship a deity according to one's own belief and to carry processions accompanied with music through a public street, is a suit of a civil nature within the meaning of section 9 of the Civil Procedure Code, 1908.

( I. L. R. 44 Bombay, 410. )

**74D** *Dewasthan lands*.—orders passed under article 66 above written the last six years for levying full assessment from aliances should be cancelled. The amounts paid *under protest within one year* of the cancellation of any order should be re-funded (G. O. R. D. 14122 dated 2nd December 1919).

## CHAPTER VI.

### Hereditary District Officers.

(CLASSES IV AND V.)

**75** The Hereditary District Officers were called Pargana Watandars. A Pargana consisted of several villages in each Taluka with one town at the head. Some of their designations were as follows :—

General.

- (1) Deshmukh, Desai, Nargauda or Sar Patil—Head of Patils.
- (2) Deshpande or Karyat Kulkarni—Head of Kulkarnis.

These officers were Watandar Government servants like Patils and Kulkarnis of the present day. In each Pargana the head of the Patils was responsible for the collection of Government dues and the head of Kulkarnis kept accounts and correspondences connected therewith. In 1863-64 Government thought that their services were no longer necessary and persuaded them to accept what is called a service commutation Settlement by the imposition of a Judi in commutation of service. The Watans in the 5 districts of Panchmahals, Broach, Kaira, Surat and Ahmedabad were settled by Mr. Pedder of the Watan Commission and those of other Districts were subjected to what is called Gordon Settlement. The Watans in the districts of Panchmahals, Broach, Kaira and Surat brought under the Pedder Settlement are private property, and are entered under class IV in the Accounts. The Watans in the remaining District of Ahmedabad in Guzerath and those under the Gordon Settlement in other districts are continuable hereditarily to the male heirs, lineal or adopted. If the person adopted be from the Watan family no Nazarana is to be levied. If he be an outsider his adoption requires the consent of all the sharers in the Watan and the previous sanction of the Government on promise of payment of an annual Nazarana of one anna in each rupee of the total emoluments of the Watan. These are entered under class V in the

Accounts. There are different rates of Judi imposed on Watans as shown below :—

the total emoluments of the Watan as confirmed in the Sanad.

Sanads (2), (3) and (4) have already converted the Watan into private property except that in the absence of alienation, gift or will by a holder, succession is regulated by Section 2 of Act V of 1886.

(I. L. R. 25 Bombay 470 ; G. R. No. 3430 of 27th April 1905).

Different Tenures  
according to dif-  
ferent Sanads in  
Class V.

**80** Sanads Nos. (1) to (4), Appendix E, continue the Watan so long as there are in existence :—

- (1) Lineal or collateral male heirs within the limits of the Watan family ; or
- (2) Male heirs adopted within the limits of the Watan family.

This will exclude adoptions from outside the Watandar family and cannot continue the Watan to a widow unless there is some one under (1) or (2) alive.

Condition 3 of the Sanad No. (4) is as follows :—

“ When all the sharers of the Watan agree to request it, then the general privilege of adopting at any time any person (without restriction as to family) who can be legally adopted, will be granted by Government to the Watan, on the payment from that time forward in perpetuity of an annual Nazarana of one anna in each rupee of the total emoluments of the Watan.”

The words “ all the sharers of the Watan ” should be interpreted literally. There is nothing in the Sanad to indicate that only the sharers whose names are entered in the Collector's records are meant. (G. R. No. 5854, dated 16th August 1886).

*Note.*—Even if a widow is a full 16 anna sharer in this Watan, she cannot be allowed to adopt a boy from outside the Watan family without the consent of her reversionary male heirs.

Sanad No. (3) differs from Sanad No. (2) in that the new or restricted tenure applies to the lands entered in Sanad No. (3). Both these Sanads are similar to Sanad No. (4) in all *other* respects.

Sanad No. (5) is on account of cash compensation for the abolition of *Haks* under Act I of 1838.

## 81 Succession Class V.

N. B. The Bombay Hereditary Offices Act applies to non-service Watans.

- (1) Succession to non-service Watans is regulated by Hindu or Mahomedan Law *except* that a female heir other than a *widow* is postponed to all male heirs, however remote, in the Watan family.

*Note.*—A widow's life is merely a prolongation of her husband's life.

- (2) But succession to non-service Watans is also subject to further *restrictions* consisting of *conditions* laid down in the Settlement Sanad e. g. *adoptions* of outsiders are not recognised for succession without the previous sanction of Government, and *widows* if left alone without a reversionary male heir in the family have no right to succeed; and other female heirs will *never* succeed because they are always postponed to all male heirs in the family and after the male heirs are extinct, the female heirs in the absence of at least one reversionary male heir cannot succeed.
- (3) Section 2 of Act V of 1886, which came into force on the 28th of January 1887 has no retrospective effect. In a case in which a Watan had vested in a daughter before that date according to the Hindu Law of Inheritance, it could not be divested at a subsequent date owing to the operation of the above Section.

- (4) In the case of succession to *land*, Hindu Law will enter the name of the *eldest in age* of all joint collateral claimants; while in the case of succession to a cash allowance the eldest in the senior surviving branch will be selected without reference to age or degree.

*Note.*— $\square$  shows that the person is dead. Suppose, A's family is divided; and the last holder D dies leaving a widow W. W can claim to hold the Watan so long as there is a reversionary male heir, E, F, or G, in existence. A separate register is kept showing the nearest heir, E, likely to succeed on the supposition that he will survive the widow W. If E dies before W, his son G's name is wrongly entered as the next reversionary heir, instead of the name of F. And on the authority of this entry G claims succession to the Watan after W's death. But as a widow's life is merely a prolongation of her husband's life for determining reversionary heirs, F would be the nearest heir according to Hindu Law, and not G.

**82** If only one Sanad is issued for the entire Watan the Brahmin and Share held by a deceased Mahomedan is not Mahomedan sharers forfeited to Government, but continued to the other Brahmin Sharer.

(G. R. No. 7348 of 15-8-1910.)

**83** A second widow succeeds to the Watan on the death of the first widow in preference to a reversionary male heir.

**84** Payment of a cash allowance entered in a widow's name cannot be made to her without a life-certificate of a reversionary male heir, provided that, when a widow is a sharer separately entered along with male sharers the payment to a male sharer dispenses with the necessity of a life-certificate to be produced by the widow.

**85** Although the Judi on Watan lands and cash allowances is permanently fixed in lieu of service the cash allowances are subject to the payment of income-tax, under Act II of 1886 (now 7 of 1918) (G. R. No. 11054 of 13th November 1914.)

**86** The plaintiffs' ancestors mortgaged their Deshbat Inam lands to the defendant's ancestor with forfeiture by Government does possession in 1855. The lands were in 1856 not destroy mortgagor's rights. forfeited by Government; but the mortgagee was continued in possession and paid assessment in respect of the lands to Government. In 1901, the plaintiffs sued to redeem the mortgage. The defendant contended that the order of forfeiture deprived the plaintiffs of all right to the lands and that the title thereafter became vested in the defendant :—

Held that the order of forfeiture had merely the effect of converting the lands from a service tenure into lands liable to pay assessment to Government; and that it did not deprive the plaintiff of all right and title to the lands, and extinguish the relation of mortgagor and mortgagee which existed between the parties.

Vishnu Trimbak vs. Tatia (1863, 1 Bombay H. C. R. 22) and Gangabai vs. Kalapa Dari Mukrya (1885, 9 Bombay 419), followed :—

Held also, that the defendant who came into possession of the lands as mortgagee of the plaintiffs could not

turn round after the order of forfeiture and take the benefit of it and challenge the validity of the mortgage in virtue of which his title to the land as mortgagee had begun. (I. L. R. 36 Bombay 539.)

87

## Adoption.

- (a) When leave to adopt a son from beyond the limits of the Watan family without payment of an additional Nazarana is once given, no additional Nazarana can be levied if another adoption from outside the family takes place.

R. 4092 of 1-6-1897.

- (b) In a joint Hindu family a widow's son, adopted within the limits of the Watan family, after the husband's death, and after the entry of the name of a collateral has a preferential claim over the latter.

G. R. No. 10054 of 22-12-1884.

- (c) The terms of the Sanad did not prohibit the adoption of an outsider ; and consequently such adoption was held to be valid.

(I. L. R. 27 Bombay 75.)

- (d) Government however, enforce condition III of the Sanad and do not recognise adoptions of outsiders without their previous sanction as laid down in that condition. A Watan stood in the name of A whose brother B predeceased him, after leaving a widow B. W. A died in 1881, leaving a widow A.W, who held the watan until her death in 1892. After A.W's death the revenue authorities entered the name of C, the nearest male member of the family according to Hindu Law. BW then took a son D in adoption. Held that D could not succeed to the Watan as C had a better title to the Watan than D. or his adoptive mother B W, because

BW was not the widow of the last male-holder as required by Section 2 of Bombay Act V of 1886.

I. L. R. 24 Bombay 484.

**88**

When the watan lapsed to Government owing to the death of an only male reversioner during the life-time of the widow of the last male-holder, Government remitted the arrears of the difference between the full assessment and the Judi on Pargana Watan lands, because through a mistake on the part of Government officers the rights of Government were not enforced in time.

(R. 6887 of 24-7-1914.)

**89**

The Judi once fixed in the case of Watans which came under the Gordon Settlement is not liable to alteration at the original or revision Survey subsequently introduced, because according to the Sanad the holders have agreed to pay Government a *fixed* annual payment in lieu of service.

**90**

In a case in which the former Government gave Mutaliks or Sanads appointing A the Manager of a Deshmukhi Watan, Government directed that the Mutalik Deshmukh should be allowed to enjoy the rights which had been conceded to him and that he should not be deprived of them except by virtue of a decision of a Civil Court.

(G. R. P. D. 2087 of 22-5-1871.)

**91**

Where Deshvat Vatan lands are granted for the performance of personal services, no presumption can be made that the grantor has the option to determine the services and to resume the lands. If a grantor takes up that position and claims that as his right, he must show either that the terms of the grant give him that right or if the terms of the grant are unknown, that the proved circumstances justify an inference that he has that right.

(I. L. R. 39 Bombay page 68 or 17 Bombay Law Reporter page 128.)

**92** Where a watan property is held under a *Sanad* under the Gordon Settlement, each successive male holder is substantially holding an estate of inheritance in tail male unburdened by any duties of service. A Vatandar who takes such property by inheritance is liable to maintain the widow of the last male holder of the Vatan property. (18 Bombay Law Reporter 450).

**93** The land in dispute, which was the Deshghat Vatan property of Chandrappa (plaintiff), was granted by his ancestors to the ancestors of the defendants who were their personal peons. The plaintiff alleged that he no longer required the personal services of the defendants and was consequently entitled to resume the land which was granted to them in lieu of cash wages payable to them for their services.

The defendants contented that the grant was not of the nature alleged by the plaintiff, but it was a gift in Inam coupled with an obligation to render services of a public nature and not private and personal to the plaintiff.

It was found by the subordinate Judge that it was not proved that the land in suit was granted to defendants' family by the plaintiff's ancestors as remuneration for private and personal service; that the service for which the land was given was that of a peon or an attendant of the Desai (plaintiff); that the grant was burdened with services private or personal to the Desai, and that the land was not resumable.

This decree was, on appeal, confirmed by the District Judge and the High Court.

(20 Bombay Law Reporter 779).

(I. L. R. 43 Bombay:37.)

**94** On the question whether a Desai in the Belgaum District could dispose by will of the hereditary lands of the Vatan as against his widow, his son adopted by widow, and the hereditary servants interested in the Vatan property, their Lordships of the Judicial Committee agreed

with the High Court in holding that such property was not alienable. Only the testator's private property was alienable.

( I. L. R. 43 Bombay 376 ).

**94A** (1) In District hereditary officers' watans settled under this section, the grant is usually of the Commutation of service watans under S. 15 of the Watan Act. soil. The words ordinarily used to indicate a grant of the soil are " water, grass, wood (trees), stones, mines and hidden treasures ; " but the absence of these words cannot be treated as necessarily establishing that the grant is of the royal share of the revenue only.

(I. L. R. 44 Bombay 237.)

(22 Bombay Law Reporter 275.)

(2) *Kulkarni Watans*—The plaintiffs were the hereditary Kulkarni watandars of certain villages. By an agreement, dated the 7th July 1914, arrived at between the plaintiffs and the Government, the plaintiffs consented to the commutation of their watans. On the 30th September 1917, the plaintiffs filed suits for a declaration that they were the Watandars and were entitled to the *vahivat* of the Kulkarni Vatan hereditarily as before

*Held*, that the suits were barred under section 4-(a) of the Bombay Revenue Jurisdiction Act, 1876.

*Held*, also, that even if the suits be treated as having been brought to set aside the agreement, they were barred under Article 14 or under Article 91 of the Limitation Act, 1908.

## CHAPTER VII.

### Village servants useful to Government and community.

(A) *Village servants useful to Government :—*

**95** The Watan Act III of 1874 applies to (1) Village Application of Officers and servants who are still useful to Watan Act. Government such as Patils, Kulkarnis, Mahars, Jaglyas etc. Their remuneration consists of lands or cash payments, which are regulated by the provisions of the above Act.

(2) Non-service Watandars, such as Deshmukhs, Kulkarnis etc. whose services are commuted under S. 15 of the Watan Act.

The following servants with land or cash assigned for their remuneration do not come under the Watan Act but are treated as stipendiaries so long as Government require their services :—

- (1) Shetsandis and Police Sandis.
- (2) Village servants such as Jaglyas, Ramoshis etc., newly appointed by Government.

N. B.—New grants of Inam lands given to these stipendiary servants are not dealt with under the Watan Act.

(For the resumption and continuance of service lands, see Joglekar's 'Watan Act'.)

**96** Generally no Sanads are issued to Government servants still performing service to Govern- Sanads. ment. But there are two exceptions as mentioned below :—

1. Service lands to Kolis on Purandhar fort. Sanad No. (1) in Appendix F.
2. Service villages to Bhils in Khandesh. Sanad No. (2).

## 97 Under No. 11 of the Rules under the Land Revenue

Code, revenue-free grants of lands can be made by the Local Government to any private individual for services to be performed to Government, when the value of the land estimated as a revenue-free holding does not exceed Rs. 1,000.

(B) *Village servants useful to the Community.*

## 98 This class includes Gram-Joshis, Kazis etc. In some

General. cases their Watan lands were inquired into by the Inam Commission. Where they remained without inquiry, they were subjected to a quit-rent of 4 annas in the rupee. The Watan Act does not apply to them. Alienations of these Watans to non-officiators are dealt with by resumption or by levy of full rent or full assessment under G. R. No. 4250 of 28-4-1908 and No. 8123 of 10-8-1908, the substance of these G. R. S. is given below :—

- (1) In every case in which the stipulated service is no longer performed or required by the village community, and the service Inam land has been wholly or partially alienated, full assessment should be levied from the person in possession of such land which should be removed from the list of service Inams and treated as Khalsa.
- (2) In every case in which the stipulated service is no longer performed, but is still required by the community, or the service Inam land has been wholly or partially alienated, such land should be resumed by evicting the person in possession of it, and re-granted as Inam to the person undertaking to render to the community the stipulated service.

NOTE.—When the alienation is of long standing, say 30 years or more, and was made for adequate value, the Collector should have discretion to refrain from resumption of the land so long as the person in possession agrees to pay such rent as is demanded of him. He should enforce resumption only in

cases other than these. Where rent is demanded in lieu of resumption, Government consider that no sufficient reason exists for limiting the amount of rent to the difference between assessment and Judi. The person undertaking to render the service should receive the full remuneration obtainable from the land.

G. R. R. D. 8123 of 10-8-1908.

- (3) In every case in which the stipulated service continues to be performed and is still required by the village community, but the service Inam land has been wholly or partially alienated, no steps need be taken to resume such land from the person in possession of it so long as he agrees to pay such rent as may be demanded from him, and so long as any member of the family of the grantee is willing to perform the service and to pay the Judi fixed on the land ; but it should be intimated to the alienee that the land will be resumed from his possession whenever the requisite service ceases to be performed.

G. R. R. D. 4250 of 28-4-1908.

- (4) Government have no right to levy rent if the alienees have been in possession for 60 years or more and if the service is still performed.

(G. O. R. D. No. 4111 dated 4th April 1918.)

**98A** *Lands held by village servants useful to the community.*—No power is conferred by Act XI of 1852 or Bombay Act 2 of 1863 to make rules for the resumption of these lands in Khandesh, Deccan, and Southern Maratha Districts. No rent should be levied under the above rules in these districts in respect of these lands in future and only the full assessment should be levied. The orders in G. R. Nos. 4250 dated 28th April 1908 and 8123 dated 10th August 1908 should be modified to this extent and the difference between the full assessment and judi should be paid to the officiator. The orders will re-

(a) Under G. R. No. 6310, of 25-8-1883 only full Exceptions to assessment was levied on lands alienated to article 98. others and was credited to Government. Action already taken on that G. R. should ordinarily not be interfered with by applying the new orders in paras (2) and (3) of Article 98. If in any case reversal of the previous orders seems desirable and equitable, the facts should be reported to Government. By keeping the old order unaltered, Government are of course appropriating in such cases the difference between the Judi and the assessment, to which they are not entitled under the later orders, if service is still performed. Recommendations should be made for the regrant of this difference to the actual officiator in cases where it seems called for. Government will in fact allow the actual officiator rent, but it will be limited to the assessment *minus* the Judi, and it will be paid now at the expense of Government.

G. R. No. 1425 of 16-2-1910.

(b) When a Hindu purchased a Kazi's land in A. D. 1805 and the Settlement was made with the Hindu and not with the Kazi's family, the following orders were passed by Government in their Resolution No. 4996 of 21-6-1884.

"In this case the Settlement was made, not with the Kazi's family, but with the family which so long ago as A. D. 1805 had purchased the Kazi's land. The Sanad granted to this latter family recognises them as the holders of the land 'claimed as emolument appertaining to the office of Kazi' and declares that that land shall be continued as the emolument of the office so long as the village community may require the services, on the conditions that the holders shall perform the usual services to the community and shall continue faithful subjects of the British Government,"

" If these two conditions are fulfilled, and the village community still requires the services, the land.....cannot be resumed. The mere fact that the land is held by strangers is not a sufficient ground for resumption when the settlement was made with those strangers and the conditions of the Sanad are fulfilled by them. They of course cannot in this instance perform the duties in person, because they are Hindus ; but if they perform the services vicariously, that is a sufficient compliance with the Sanad, and the land may be said to be ' in the enjoyment of the persons who perform the services'. "

(c) Certain Kazi Inam lands were not in the enjoyment of the officiating Kazi of Chandor, being alienated to the ancestors of the present holder R. The alienee has been in possession for over 100 years. The Kazi has been performing service. A settlement was effected by the British Government with the family of the alienee and a sanad granted to them in 1869-70.

The Kazi applied to the Collector for the restoration of the lands. The Collector passed an order dated 20th May 1913, levying an annual contribution of Rs. 143 for the remuneration of the Kazi under rule 4 of the Resumption Rules in G. N. No. 10336 of 12th October 1908. The complainant becoming aware of the Government Ruling in G. O. No. 4111 of 4th April 1918, R. D. applied to the Collector on 29th July 1918 to reconsider the order of 1913, which the Collector declined to do. R thereupon gave a notice of suit against Government under section 80 of the Civil Procedure Code. He seeks relief in two ways :—

- (1) refund of the amount of rent of Rs. 715 for the 5 years recovered from him since 1913-14 and paid to the Kazi.
- (2) cancellation of the Collector's order of 1913.

Letter No. 365 dated 18th February 1919 from the Remembrancer of Legal affairs :—

' No power is conferred by Act XI of 1852 or Bombay Act 2 of 1863 to make rules in regard to lands held for

service other than service to Government ; the levy of rent by the Collector on the strength of the resumption rules cannot be supported (the resumption rules of 1908 apply only where section 2, clause 3rd, paragraph 3rd, of Bombay Act 7 of 1863 applies). Again, the alienee has a title by adverse possession and so the land cannot be resumed. Thirdly, the service being performed, Government cannot make its non-performance a ground for action. The suit will not even be barred by the Bombay Revenue Jurisdiction Act, 1876, section 4 (k). The proper course would be to cease levying rent in future and to levy no more than the full assessment. The complainant could be left to bring his suit for the rent already levied : he cannot recover more than one year's rent and costs.'

Order—No rent should be levied in future on the Kazi service Inam lands. The lands should however be subjected to full assessment and the difference between the assessment and judi paid to the officiating Kazi.

G. O. No. 8180, dated 12th August 1919, R. D.

**99A** *Kazi Inam Land.*—The holder of certain Kazi Inam Land performed no services to the community and when asked evaded the performance.

Government directed that (1) the land should be resumed in accordance with the conditions of the sanad, and (2) it should be bestowed as remuneration upon an efficient person willing to perform the service of a Kazi.

(G. O. No. 12594, R. D., dated 22nd November 1919.)

**100** The following are the principal servants whose  
 List. services are still considered as useful to the  
 community and who hold Inams in certain places :—

- |             |            |            |               |

Inams and the Sanads issued in respect

2. Halkari lands—permanently continued. No Sanad.
3. Halkari lands—for 30 years at a time. Sanad No. (4).

tinued as service emolument ... " " (7).

**102** Halkaris (village servants who fill the water-  
troughs for the village cattle) should be allow-  
ed to retain their lands, without payment of  
Halkaris (Serial No. 2 in Art. 101).  $\frac{1}{4}$ th assessment, when the exemption hitherto  
enjoyed is not more than Rs. 30 annual value. One fourth  
assessment should be levied in respect thereof, provided that  
the exemption be not reduced below Rs. 30. When the circum-

stances of the village have so altered that a Halkari is on longer necessary, the land may be fully assessed.

(G. R. No. 2303 of 13-7-1863.)

**103** No fees should be charged by the Halkaris for  
 No fees for out- watering cattle even from outside the village  
 side cattle. in which the Hal or water-trough is situated.  
 In case they charge fees the Inam is liable to resumption.

G. R. No. 4584 of 11-5-1912.

**104** Judi on Halkari Inams should be continued to be  
 Judi permanent- levied at the amounts originally fixed under  
 ly fixed. G. Rs. 1915 of 28-5-1860 and 2303 of 13-7-1863.

**105** Kadim lands in Inam villages were not subjected to  
 Kadim Lands in settlement by the levy of one-fourth assess-  
 Inam villages. ment like those in Government villages under  
 G. R. No. 1915 of 28-5-1860 and subsequent G. Rs. on that sub-  
 ject. In 1896, however, Government in their Resolution No.  
 5696 of 22-7-1896 directed that they should be subjected to  
 Settlement as there was no valid reason for excluding them.

**106** Sub-sharers should not be recognised by Revenue  
 Sub-shares. authorities and allowances should be paid  
 only to the persons who actually perform the service.

**107** Under No. 11 of the Rules under the Land Revenue  
 New grants. Code revenue-free grants of land can be made  
 by the Local Government to any private individual for services  
 to be performed to the community, when the value of the land  
 estimated as a revenue-free holding does not exceed Rs. 500.

**108** A new cash allowance given to an inferior village  
 Inferior Village servant should not generally exceed Rs. 10;  
 servants. and should not exceed the total remuneration  
 consisting of cash allowances and assessment (*minus*-Judi on  
 Inam Land) for all the inferior servants in a village, calculated  
 at a percentage of  $3\frac{1}{2}$  on the annual Jamabandi

For example—

Suppose the total Jamabandi of a village is Rs. 1,280. There are already *Mahars* in that village, who are assigned land assessed at Rs. 20, with a Judi of Rs. 10 and a *Jaglya* with an Annual cash allowance of Rs. 10. Thus the net alienation to the Mahars ( $20-10=10$ ) and to the *Jagalya* (10) amounts to Rs. 20.  $\frac{3}{8}$ th per cent. per annum of Rs. 1,280 is Rs. 40. Therefore the difference between Rs. 40 and Rs. 20 is available for remunerating two new inferior village servants, with an annual cash allowance of Rs. 10 each, if required.

G. O. No. 1870 of 22-4-1908 and 2031 of 4-3-1914.

**109** Succession to Inams held by village servants useful to the community is regulated by Hindu or Mahomedan Law as the case may be, and not by Section 36 of the Watan Act. Under Hindu Law females are not precluded from succession (P. J. 1898 page 118); Kazi inam lands may also be entered in the names of females and they can render service by proxy when religious or spiritual duties have to be performed.

(G. O. No. 11744, R. D. dated 5th November 1919.)

**110** The appointment of a person as Kazi under the Kazi's Act (XII of 1880.) India Act does not confer on the appointee any exclusive franchise or any exclusive right to perform the functions of his office. Where, therefore, the plaintiff, a Kazi appointed under the Act, sued the defendant to restrain from officiating at marriages, and for the recovery of sums of money received by the latter as fees for *Nikkas* performed by him, it was held that the suit must fail as the plaintiff had no right to restrain any person from discharging any of the functions of a Kazi.

(I. L. R. 37 Madras 228.)

**111** Government Notification No. 10336 of 12th  
 Resumption rules October 1908, containing resumption rules, is  
 reproduced below for easy reference :

R. D. Bombay Castle, 12th October 1908.

No. 10336.—In exercise of the powers conferred by Act XI of 1852, Schedule B, clause 8 and 10, and by Bombay Act VII of 1863, section 2, clause 3, and of all other powers enabling him in this behalf, the Governor in Council is pleased, in supersession of the rules published in Government Notification in the Revenue Department No. 2702, dated the 23rd April 1902, as subsequently amended, to issue the following rules concerning the resumption and continuance of lands held for services :—

1. An inquiry into the title by which any land held for service is enjoyed may be instituted from time to time by such officer as Government may direct.
2. Lands originally held for service, which have been continued, or may hereafter be continued, under section 15, Bombay Act III of 1874, on condition of payment of a certain portion of the assessment thereof in commutation of service, shall continue to be held in accordance with the terms of the Sanads issued or hereafter to be issued in confirmation of the said commutation settlements.
3. Service lands, in respect of which no such commutation settlement has been effected, and which have been already declared by Government, or by any officer acting under the orders of Government, to be resumable on the demise of certain persons, or on the extinction of certain families or lines of descent, shall be resumed accordingly.
4. Service lands which do not fall under No. 2 or No. 3 of these rules shall be continued, subject to the provisions of Bombay Act III of 1874, and of any other law for the time being in force relating thereto, to the heirs of the present holders, or in the event of

## CHAPTER VII.—VILLAGE SERVANTS.

No. (1) does not mention servants useful to the community and it will be seen that these resumption rules do not apply to them *in the Dekkhan, Khandesh and Southern Maratha Country*. In their case the orders in articles 98 to 99 should be treated executive orders.

*Note 2*—The interpretation of the words 'unnecessarily high' in the proviso to rule 4 is left to the discretion of the Collector, who will decide what limit of assessment should in each case be taken in fixing the officiator's remuneration.

(G. O. No. 2373, R. D., dated 7th March 1919.)

### 112 The question raised in this appeal was whether

the ceremonials observed by Lingayats in marriages are to be regarded as a whole in deciding whether or not the village Gramopadhyia is entitled to perform the ceremony or whether the ceremony can be split up into parts and if it is found that some part of the ceremonial is similar to the Brahmin ritual, the Gramopadhyia can insist upon payment of fees in respect of such part of the ceremonial as may have been performed by another.

*Held*, that if the ceremony performed was not a Hindu marriage ceremony *as a whole* the Joshi or Gramopadhyia had no right to demand the fees.

ceremonies and there was no ground upon which the plaintiff could lawfully exact the payment of his fees.

(I. L. R. 42 Bombay 613. 20 Bombay Law Reporter 454.)

**113a** Revenue Jurisdiction Act (10 of 1876) section 4 proviso (k) :—

Certain lands were originally granted in Inam by the Peshwa to the Kaji of Madwal. They were later alienated by the then Kaji to the plaintiff's predecessor-in-title, about eighty years before suit.

The plaintiff who held the lands rent-free had nothing to do with the office of Kaji. The services appertaining to the office used to be performed by the descendants of the Kaji.

On the 2nd June 1918, the Collector passed an order that the plaintiff should pay a rent of Rs. 68 to the Kaji or have the lands in suit forfeited.

The plaintiff thereupon filed the present suit to have it declared that the order passed by the Collector was illegal and *ultra vires*.

The Secretary of State for India contended that the suit was barred by section 4 (a) of the Bombay Revenue Jurisdiction Act 1876.

Held overruling the objection that the suit fell within the scope of proviso (k) of the section. A similar ruling was passed regarding Khatibki Inam lands.

**113b** *Barbar's Watan Rights*.—The plaintiffs claim to be the watanbarbers of Velaneshwar and five other villages and as such claimed the exclusive right to perform as barbers on ceremonial occasions and to receive other payments varying within certain limits in those villages. They sued the defendant for an injunction and damages.

sequence of his having rendered services as a barber on some ceremonial occasion to certain Bhandaries on the 11th March 1915.

The defendant denied the exclusive right of plaintiffs to officiate on all ceremonial occasions and claimed to be a watan-dar barber himself in the said villages.

The trial Court found all the issues except one relating to injunction in favour of the plaintiffs and passed a decree in their favour for damages.

The lower Appellate Court dismissed the plaintiffs' as it purported to follow the test laid down in *Muhammed Yuseb vs. Sayed Ahmed* (Appendix at (1861) 1 B. H. C. per page XXXVII). The Bombay High Court, on appeal by the plaintiffs, reversed the decree of the lower Appellate Court and restored that of the trial Court.

## CHAPTER IX.

### Inam Land in General.

**117** Alluvial Land means an accession of land gradually washed to the shore or bank by the flowing of a river, stream etc., and a riparian proprietor of Inam land becomes the owner of such alluvial land. As regards liability to the payment of land revenue, the alluvial land is subject to the same privileges, conditions or restrictions as are applicable to the original holding to which such accretions are formed. E. G. Suppose there is a holding in Personal Inam, measuring 8 acres and assessed at Rs. 16, with a Judi of Rs. 5. If one acre of alluvial land is formed adjacent to it, the accretion becomes Personal Inam land; and no additional Judi is imposed until the area of the new land exceeds one acre. But if this accretion becomes two acres, the whole accretion is newly assessed according to Survey Rules, and an additional Judi at the rate of 5 annas in the rupee of this new assessment is added to the previous Judi of Rs. 5.

(Sections 46 and 64 of the Land Revenue Code V of 1879.)

**118** Diluvial land means land washed away by the current of a river, stream etc. The general rule is that no decrease of Government demand is allowed unless the area washed away is at least half an acre. E. G. Suppose in the above example if one acre is washed away by diluvion, the assessment on the land will be reduced to Rs. 14, with the Judi proportionately reduced from Rs. 5 to Rs. 4-6.

(Section 47 of the Land Revenue Code).

**119** The principles to be observed in the increase or decrease of Judi fixed on Inam land are detailed below:—

Judi six kinds of).

There are six kinds of Judi:—

(I) *Mamul Judi* i. e. ancient Judi.

5. 3  
the pro-  
ve any other  
villaereto, to  
damge event of

- (II) *Settlement Judi* i. e. Judi imposed either
- (a) for exemption from inquiry, or
  - (b) for commutation of all claims of Government in respect of succession and transfer (Nazarana), or
  - (c) in commutation of service.
- (III) *Scale Judi* in the case of village officers, i. e. Judi imposed on service lands in recoupment of the cash remuneration paid by Government to the officiator from a Government Treasury.
- (IV) *Nim-judi* in the case of village officers i. e. Judi equal to one half of the difference between :—
- (i) The assessment *minus* Mamul Judi on service lands and
  - (ii) The scale judi referred to in (III) above.
- (V) *Excess Judi* i. e.,
- (a) a judi, in the case of village servants useful to Government or to the community, equal to the excess of assessment over what is required for the proper remuneration of an officiator or
  - (b) Judi equal to the difference between the full assessment on waste lands given in Inam in exchange *and* the full assessment on the Inam lands acquired.
- (VI) *Istimrar Judi*.

For explanation *vide* Article 41.

*Note.*—Summary Settlement under Bombay Acts II and VII of 1863 was extended to personal Inam *lands* (including Pot Kharab under a road) and the holder had a right to bring the Pot Kharab under cultivation without extra Judi if the road is now disused.

The Judi once fixed is never liable to increase or decrease under Rule 4 of Section 2 of Bombay Act II of 1863 and Rule 4 under Section 6 of Bombay Act VII of 1863.

**120** (I) The former Government when making grants Mamul Judi, of Inam lands imposed a counter-balance, as it were, on the full assessment of waste lands, part of which was intended to be given in Inam:—

E. G. The former Government wanted to give land assessed at Rs. 100 as *Personal Inam*; but they could find waste land assessed at Rs. 125. They, therefore, gave the whole land as Inam, but imposed a charge of Rs. 25, in order to reduce the Inam grant to Rs. 100.

This counter-balance of Rs. 25 is *never* increased. It is, however, decreased or abolished in the following cases:—

- (a) If in the above example of Personal Inam grant, the assessment, Rs. 125 is reduced to Rs. 26, the Mamul Judi of Rs. 25, is not changed; but if the new assessment is Rs. 24, the Mamul Judi of Rs. 25, is reduced to Rs. 24, to the lower level of the new assessment.

This is done by the Collector.

G. R. 8391 of 30-11-1882.

- (b) Suppose the Inam grant of Rs. 100 with a Mamul Judi of Rs. 25, was for service to Government. In this case if the assessment be reduced to Rs. 101 the Mamul Judi is reduced to 1 (101-100) leaving in fact the net alienation of Rs. 100 as the originally intended remuneration. But if the revised assessment be Rs. 100, or under, the whole Mamul Judi is abolished during the currency of the revised Settlement. This is done with the sanction of the Commissioner.

“The Commissioner has power to reduce Judi payable by Watandars if the remuneration is insufficient; but the Judi should in no case be increased.

G. R. No. 6241 of 16-8-1895.

**121** (II) (a) The Judi for exemption from inquiry into Inams was imposed in respect of personal and Devasthan Inams under Bombay Acts II and VII of 1863, or in respect of Inams of village servants useful to the community under

G. R. Nos. 1915 of 28-5-1860.

„ 5696 of 22-7-1896.

(b) The Judi and Nazarana in the case of Personal Inams and the Judi in the case of Devasthan Inams and Inams of village servants useful to the community are permanently fixed

At the original Survey certain Personal Inam land was assessed at Rs. 16, when (b) amounted to Rs. 5 (4 + 1). If at the revision Survey the assessment of Rs. 16 is reduced to Rs. 4, the total amount of Rs. 5 is not reduced to Rs. 4 as of right, but only as a matter of grace in rare cases.

(c) Judi with regard to District Hereditary Officers; Watandar Kulkarnis, and village servants no longer useful to Government or to community, is also permanently fixed, except that it never exceeds the Survey assessment.

*Exception*.—In the case of Gadkaris or fort-keepers in Satara whose services have been dispensed with, the Judi is equal to one-half of the Survey assessment, fluctuating at each revision Survey.

**122** (III and IV). Suppose that certain Patil or Kul-Scale judi and karni inam land is assessed at Rs. 100; and Nim-judi, the remuneration to the officiator for the time being comes to Rs. 50 according to the prescribed scale Government pays Rs. 50 to the officiator and recovers the following amounts from the Watandars in possession of the land:—

(1) Rs. 50 as *scale-judi* to meet the scale remuneration.

(2) Rs. 25, as *nim-judi*, being one-half of the balance of Rs. 50 out of the assessment of Rs. 100 on the watan

land. This Nim-judi is taken by Government on the ground that it is required to make up for the loss sustained by Government on account of excess remuneration to officiators in other villages.

The scale-judi is liable to change along with the remuneration of each officiator, at each revision survey; while the nim-judi once fixed at the original survey is never changed.

**123**

Excess Judi.

(V) (a) Suppose that only one Mahar, or a Joshi is sufficient for the requirement of a small village. If the Maharki or Joshi land is assessed at Rs. 50, and if the Collector considers that a remission of Rs. 25 of the assessment is a sufficient remuneration for the officiator, he can impose a judi of Rs. 25.

Government leave it to the discretion of the Collector what limit of assessment should in each case be taken in fixing the officiator's remuneration.

(G. O. No. 2373, R. D. dated 7th March, 1919.)

(b) Similarly, suppose that Inam land assessed at Rs. 5 is acquired for a public purpose and in exchange a waste land of equal assessment is to be given in Inam. But there is available in the village one Government waste Survey No. assessed at Rs. 10. In such a case the whole Survey No. is given in Inam with a permanent judi of Rs. 5, not liable to change at a Revision Survey.

**124**

(VI) For the description of Istimrar Judi see article 41.

**125**

The following principles are adopted in giving Land-Acquisition compensation for Inam lands acquired for a public purpose or for a Company under the Land Acquisition Act :—

(1) (Personal Inam Land) Suppose there is a Personal Inam Land measuring 16 acres and assessed at Rs. 16 and subject to the payment of Rs. 5 as Judi,

The compensation in a lump sum is awarded by the Acquisition Officer as follows:—

The market value of the 16 acres of Khalsa land, subject to the payment of Rs. 16 per year is Rs. 1,000. (This is determined according to the current value per acre, the situation and the quality of the land required by the purchaser.)

The value of Inam rights *i. e.*, the capitalised value at 25 times the exemption of Rs. 11 (16-5) is Rs. 275. The value of 5 trees standing on the land is Rs. 125. (Now 20 times care taken for 25 times (G. O. R. D. No. 2642 dated 14-9-1920).

Add 15 p. c. of the total for compulsory acquisition *viz.*, Rs. 210; thus in all  $1000 + 275 + 125 + 210 = \text{Rs. } 1,610$ .

*Held* dismissing the suit (1) that it was the understanding and within the contemplation of all the parties to the Sanad that the determination of the just value of the land to be made by a committee appointed by Government should be accepted if that determination represented the concurrent opinion of a majority of the committee ; (2) that the valuation agreed upon by the majority of the committee appointed by Government was the valuation expressed to be determined and so made binding upon the parties to the resumption terms in the Sanad.

(a) The Bagayat assessment of certain personal Inam land was Rs. 40-8-0 and the quit-rent at the rate of 5 annas in the rupee was fixed at Rs. 12-10-0. Subsequently, however, the *Bandhara* ceased to hold water, and at the revision Survey, the land was classed as *Jirayat*, of which the assessment was only Rs. 8. Government in their Resolution No. 1860 of 27-2-1914 directed that the *Judi* should be reduced to Rs. 2-8-0 i. e. 5-16th of Rs. 8, if the holder of the Inam cultivates the land himself; or if, in case the holder does not cultivate the land himself, the Collector is satisfied that the holder's tenants continue to receive the full benefit of the reduction in the assessment which was effected at the revision Survey.

Of these, Survey Nos. 11, 12 and 13 bear no assessment because they are assigned for public or special purposes, and are not to be used for cultivation. There remain 23 assessed Survey Nos. and the Mamul assessment on each may be taken at Rs. 10.

Chronological  
history of important  
events from  
1600 (A. D.) to  
1920.

**133** The following is the chronological history of important events in this village for the purpose of illustration.

1600 V was owned by the former Government with a revenue of Rs. 230.

1650 Survey Nos. 1 to 7 (then Mamul Nos.) were granted in Inam by that Government as shown in the sketch. Consequently the revenue was reduced from Rs. 230 to Rs. 160 on 16 Survey Nos. 8, 9, 10 and 14 to 26 No. 14, however, being waste, the revenue actually collected is 15 survey numbers and brought to the Chawdi for remittance to the Government Treasury was Rs. 150.

1655 The former Government granted cash allowances of Rs. 48, out of the revenue of 150 actually collected, as detailed below:—

Rs.

10 To Meshpande.

12 „ Varsheasan.

8 „ Devasthah allowance.

5 „ Mushahira to Patil (cash remuneration).

4 „ Contingent charges to the officiating kulkarni, called 'Sadilwar.'

9 „ Chilhar expenses i.e., unforeseen charges on account of guests, public shows on festive occasions &c. *Idiana* charges (amounts spent on sports) &c.

1656 Thus from this year Rs. 102 were actually remitted to the Government Treasury.

*Note*—Important events (requiring explanatory articles) in the further history of this village are denoted by capital letters in brackets.

(A) Inam village (Art. 134, 135.)

- 1680 The former Government granted the village V as *Personal inam* to one X, exclusive of grants in land to *Kadim* (old) Inamdars, and in cash to Kadim Hakdars. Hence Rs. 102, instead of being remitted to the Government Treasury began to be remitted to the Inamdar's House.

(E) Jadid Inams (Art. 136).

- 1780 The Inamdar gave Survey Nos. 8, 9 and 10, with an aggregate assessment of Rs. 30 to *Jadid* Inamdars i. e. grantees of the Inamdar, as shown in the sketch, and also a *Jadid* cash allowance of Rs. 2 to the Maruti's temple used as Chawdi.

- 1781 Thus from this year the Inamdar used to receive (102-32) Rs. 70 only.

- 1878 Introduction of British Rule from 11th Febr.

(C) Inam Commission (Art. 137-139).

- 1855 The Inam Commission inquired into the grant of V to X and decided that V should be continued "so long as there be in existence lineal male descendants in the male line of X."

- 1860 Inam Commission was abolished, and Collectors were authorised to offer Summary Settlement in order to complete the work left unfinished by the Inam Commission.

(D) Summary Settlement (Art. 140-141 B).

- 1863 The Inamdar (lineal male descendant of X) was asked whether in commutation of all claims of Government in respect of succession and transfer, he was willing to pay an annual *Nazarana* of one anna in the rupee, i. e. 112 annas or 7 rupees, on Rs. 112 (230—(70+48)).

- (1) *permanently* on the Mamul assessment minus Kadim charges in land and cash  
or

- (2) *temporarily* pending the introduction, in future, of the first Survey Settlement and

thereafter, to pay *permanently* one anna in the rupee of the new substitute for Rs. 112, i. e. the new assessment *minus* Kadim charges in land and cash. (*Vide* Bombay Acts 2 and 7 of 1863).

The Inamdar consented to pay Rs. 7 *permanently* according to (1) above. Out of these 7 rupees the Inamdar began to recover proportionate Settlement Judi from the thirte Jadid holders of Survey Nos. 8, 9 and 10, altogether assessed at Rs. 30. This proportionate was equal to Rs. 1-14-0. The Inamdar actually took home Rs. 63 plus

31st " ch. 1 = 64-14-0.

1864 In this year or following actions were taken by Government with regard to the Kadim grants in land and cash:—

(1) Survey No. 1.—Personal Inam.—The holder was informed that as the Inam Commission had not inquired into his Inam, the Collector wanted to know

(a) whether he demanded an inquiry into his Inam; or

(b) whether he was willing to pay 40 as. i. e. 4 as. in the rupee for exemption from inquiry, and 10 as. (1 anna in the rupee) *permanently* for removing restrictions regarding succession and transfer; or

(c) whether he would *temporarily* pay Rs. 3-2 as. (40 plus 10 as.) pending the introduction in future of the first Survey Settlement into the village and thenceforward to

## ALIENATION MANUAL

pay permanently 5 a. (4+1) in the rupee of the new Survey assessment.

The Inamdar consented to the alternative (b).

- (2) *Survey No. 2.—Devasthan—*As Devasthans have no succession, the holder was asked to accept any one of the three alternatives, above mentioned, except that one anna Nazarana on account of succession was not demanded. He consented to pay Rs. 2-8 permanently. *Kadim*

- (3) *Survey No. 3.—Pay allowance—*The Government Commissioner Chawdi, a permanent Settlement officer, as in the rupee in commutation of service, which was accepted by the Deshmukh holding Survey No. 3 as also by the Deshpande holding a Kadim cash allowance of Rs. 10.

- (4) *Survey No. 5.—*Government asked the Inamdar whether he would allow his Survey No. 8, granted by him in personal Inam to be treated as Kadim Inam, like Survey No. 1 so that similar Summary Settlement could be offered to the holder. The Inamdar gave a reply in the negative.

1865 (1) On 21st January, the first Revenue Act I of 1865, for the survey, demarcation, assessment and administration of lands, and for the registration of the rights and interests of land-holders came into force.

- (2) *Survey numbers 6 and 7.* On 23rd May, Government in their Resolution No. 2189 decided that although a Settlement of 4 annas in the rupee should be offered in Government vil-

lages in respect of lands and cash allowances held by village servants useful to the community, the Settlement should not be offered to similar village servants in Inam villages e. g., holders of Survey Nos. 6 and 7 in this case.

- (3) On 1st December, the Settlement Officer, S. D., framed Rules for the Settlement of Warshasan, Devasthan, and Chilhar allowances in Government villages. But it was decided that this cash Settlement should not be extended to similar Kadim allowances in Inam villages e. g. the amounts of Rs. 12, 8 and 9 in the example (vide the year 1655 above).

1868 On 31st March, Government passed their Resolution No. 1269 for the Settlement of village servants formerly useful to the community, but who were declared to be useless, both in Government and alienated villages e. g. holder of Survey No. 7 (*Mali* or gardner in the example). Accordingly the *Mali* was declared useless, and his land was turned into private property by the *permanent* imposition of 8 as. in the rupee of the then assessment i. e.  $\frac{1}{2}$  of Rs 10. = 5 Rs. in this case (vide article 42).

his land was raised from Rs. 10 to Rs. 15 by the first survey.

1680—(A) Inam village (art. 134-135).

**134** When the former Government granted a village in Village granted Inam, the objects for which the grant was in Inam. made are now classified according to the seven classes of Inams, already mentioned in Article 2. As a general rule, Sanads describing the object and the tenure of the particular grant were then given to the grantees, and the necessary orders to the then village and Taluka officers were also issued.

- (1) In the case of *Saranjams*, only the village revenue was granted for personal dignity or maintenance of troops.
- (2) In the case of *Personal and Dewasthan* Inams the grant was made together with 'water, trees, grass, wood, stone, treasure and hidden material.' These words conveyed an ownership of the soil. The title conveyed in both cases is the same, except that, in the case of *Personal* Inams, the land is declared to be private property, and in the case of *Dewasthan* Inams it is declared to be endowment or *Dewasthan* property, (vide article 218A.)
- (3) *Service-Inams* were intended as remuneration to the officiators. In the Sands for whole villages there was a clause reserving the grants which had been made previously. These *previous* grants are now called *Kadim* (old.)

**134a** *Eras*—In old sanads, years are mentioned generally by Arabic or shuroo era. The first day of the first Arabic year commenced on 24th May 600. A. D. **135** The *Kadim* Inam land-holders had nothing to do with the Inamdar. But the Kadim cash-holders used to receive their cash allowances through the Inamdar, as an agent of Government, until 1897, when these cash allowances began to be remitted first to the Taluka Treasury, for subsequent payment to the rightful holders. Thus in every respect they are now treated as if they belong to Khalsa villages.

*Note.*—For Settlements in respect of Kadim Inams in land and cash *vide* Article 133 (years 1864, 1865 (2) (3), 1868, 1896, 1897).

1780—(B) Jadid Inams (Art. 136).

**136** As *Jadid* Inams are created by the Inamdar himself, the village Officers keep a separate register of these Jadid grants, for deducting the revenue thereof from the Inamdar's total demand. All questions as to heirship inquiry, additional assessment owing to alluvial land newly formed (near Survey No. 8 for instance), are private matters between the Inamdar and his own grantees. Government are not at all concerned with these grants.

*Note 1. Jadid Inam lands*—As regards resumption of *jadid* Inam lands *see* articles 91 and 93 above.

*Note 2. Judi, payment of*—Lands in alienated villages which are not in the actual possession of Inamdars and fall

under the calculation of Government judi, are liable in turn to pay customary rent, assuming that there has been no survey and assessment or contractual rent agreed upon to the Inam-dars who are directly liable to Government for the judi.

The payment of *dhara* or assessment or customary rent is a recurring right within the meaning of the Indian Limitation Act, Art. 131. Such a recurring right can be time-barred; there must be a definite demand and refusal; mere omission on the part of the person having such right to exercise, will not start a period of adverse possession under the Article.

(18 Bombay Law Reporter, 950, *Ganesh vs. Sitabai*).

1855—(C) Inam Commission (Art. 137-139).

**137** The tenure "so long as there be in existence Inquiry by the lineal male descendants in the male line of Inam Commission. the original grantee" decided by the Inam Commission was according to the restricted meaning of the wording in the original grant "पुत्रपौत्रादि वंशपरंपरा" i. e. sons, grandsons and so on from generation to generation.

*Note.*—After the Inam Commission was abolished, some holders of lands or villages demanded inquiry under section 6 of Bombay Act 2 of 1863. The Collector thereupon, calling himself Inam Commissioner, passed decisions in some cases that the lands etc. should be continued in *Inam* 'so long as there shall remain in existence any lineal male descendants of the original grantee.' These decisions however must be read along with clause 2 of that section, and taken to mean that the benefit of the Inam shall be continued to the lineal descendants only and not to any third person. (*Mahadeo Joshi vs. the Secretary of State*, 1 Bombay Law Reporter, 528).

**138** The Inam Commission had authority to inquire into Personal and Devasthan lands and villages and Inams (lands and villages) of village servants useful to the community. They had no authority to inquire into Inam Commission's powers.

- (1) Jahagirs i. e. Treaty Saranjams,
- (2) Other Saranjams, called non-treaty Saranjams,

- (3) Political Inams, and
- (4) Government Service Inams.

These were inquired into under Special Rules issued by Government from time to time.

**139** (1) Where an Inamdar claimed under the Inam Decision, con- Commissioner's decree passed under Act XI struction of. of 1852, which permanently continued to him his Inam lands, it was held that the permanent continuance of the Inam so granted was an adjudication awarding full proprietary rights.

Where there has been an adjudication of title, the grantee's title depends, not upon his original Sanad but upon the terms of the adjudication.

Thus in *Vasudeo Pandit vs. the Collector of Poona* (10 Bombay H. C. R. p. 471) West and Nanabhai Haridas J. J. held that the plaintiff's title rested, not upon the Sanad granting the Inam, but upon the construction of the decision passed by the Inam Commissioner under Rule I, Schedule B of Act XI of 1852, for continuing the village; and the words in the decision "Baki daro-basta Gava Chalavawa" (let the whole remainder of the village continue) were construed as "an adjudication of all proprietary rights free from exemptions of any kind, except those specified." Original sanads, which have of late years been superseded by Summary Settlement Sanads would also no doubt upon a similar principle be left out of consideration, the title of the Inamdar being held entirely to depend upon the meaning of the latter sanads. These Summary Settlement Sanads continue Inam villages and lands for ever as "the private Property" of the holders, and it was held in 10 Bom. H. C. R. p. 471 that it was an invasion of the right of an Inamdar whose lands had been recognised by Government as his private property to quarry stone or take sand from those lands without his permission or authority. What is there said of quarrying stone or taking sand, would apply equally to cutting timber, all the rights being incidents of the general proprietorship of the soil,

(2) Inam village, grant of,—Where the grant of a village is continued by the Inam Commissioner as Inam, excluding the ancient Hakdars and Inamdars, in the grantee's family so long as his male descendants are alive, the grant conveys to the grantees not merely the revenue of the village but the lands also.

The claim to such grant can be entertained by the Civil Court in the absence of a certificate from the Collector under section 6 of the Pension Act, 1871.

(22 Bombay Law Reporter, 959).

1863—(D) Summary Settlement (Art. 140-141B).

**140** It may be mentioned here that Summary Settlement under Acts II and VII of 1863 was limited only to *Personal and Devasthan* lands and villages.

**141** Judi in respect of Inam villages is fixed like judi on Inam lands. It should be levied only from date of granting Sanad (G.Rs. 134 of 7-1-91 and 4891 of 10-6-92).

In some cases the Inamdar surrendered a portion of the land bearing one-third of the total assessment in an Inam village in lieu of 4 anna settlement Judi payable every year.

(G. R. No. 3455 of 2-4-1908).

**141a** The one anna settlement, by which the property would be made heritable and transferable without restriction of any kind, should be offered to those holding grants from the British Government and to those whose hereditary continuance does not come under 'already formally adjudicated lands' referred to in section 4 of Bombay Act 2 of 1863. In these cases annual nazarana should be taken from the first year of the hereditary continuance.

(G. R. No. 3870 dated 13th August 1870).

Civil Reference No. 3 of 1920.

*In the Matter of the Estate of Shri Vasudeo Harihar  
Pandit alias Baba Maharaj.*

This was a reference made by the Government of India for decision by the High Court of Judicature at Bombay under Section 12 of the Bombay Revenue Jurisdiction Act, 1876. The question for the decision of the Court stated shortly was whether the application in or about the year 1864, of the Summary Settlement under Bombay Acts II and VII of 1863 to certain villages and lands then held by Shri Tatya Maharaj, which subsequently devolved on the late Baba Maharaj, was or was not valid and legal. The parties concerned in the matter were: (1) His Highness the Maharaja of Kolhapur, (2) Shri Bala Maharaj, residing at Kolhapur, (3) Shri Jagannath Vasudev Pandit Maharaj, residing at Poona, and (4) the Secretary of State for India in Council. The last-named party did not adopt a contentious attitude, and was merely in the position of an interpleading party. The dispute related to the rival claims of parties (2) and (3) who were both adopted sons of Baba Maharaj. Baba Maharaj died in 1897, possessed of villages and lands both in British India and in Kolhapur, to some of which Summary Settlement had been applied. He left a will by which he directed his widow, Tai Maharaj, in certain events, which happened, to adopt a son. On 28th June, 1901, she purported to adopt Jagannath, party No. 3, whose adoption was supported by the Trustees under Baba Maharaj's will, but did not receive the sanction of H. H. the Maharaja of Kolhapur. On 19th August, 1901, the widow purported to adopt Bala Maharaj, party No. 2. His Highness approved of this latter adoption and sanctioned and recognised it. Jagannath filed a suit for a declaration that his adoption was valid, and it was ultimately decided by the Privy Council that Jagannath was the validly adopted son of Baba Maharaj. H. H. the Maharaja and Bala Maharaj contended that no adoption, which had not received the sanction and approval of His Highness, and which did not comply with certain other conditions, could

confer a title to the property in question, and claimed that the succession to the same would have to be determined in accordance with the terms of guarantees in certain Treaties and Orders of Government ; i. e., the property in question should have to go to Bala Maharaj, party No. 2 whose adoption was sanctioned by His Highness. They further contended that the application of Summary Settlement to the properties in question was invalid and illegal for various reasons, among others, because (a) they were held on political tenure, (b) they were held under Treaty, (c) because Acts XI of 1852 and II of 1863 did not apply to these properties ; (d) because such application of Summary Settlement was a violation of the Treaties of 1826, 1827, and 1829 ; (e) because it was not competent to the British Government and Tatyah Maharaj, the then holder of the estates, to enter into an arrangement for the application of Summary Settlement. Parties (1) and (2) made representations to the Government of Bombay and to the Government of India, and the case was referred for decision to the High Court.

Their Lordships, after hearing counsel's arguments, came to the conclusion, on 21st July 1920, that the application of Summary Settlement to the villages and lands of Tatyah Maharaj in or about the year 1864 was valid and legal on the following principal grounds :—

In 1818, on the Settlement of the Southern Mahratha Country on the down-fall of the Peshwa, two talukas of Chikodi and Manoli were ceded to Kolhapur and at the time of the cession four villages in those talukas were granted in Inam by the British Government to Bhau Maharaj as *Inam Dharmadaya* (charitable or religious) to be enjoyed from son to grandson etc. from generation to generation. In 1821 His Highness granted to Bhau 10 villages several of which were within the said talukas. By a treaty of 1827 (confirmed in 1829) the British Government resumed the two talukas, in order to save Bhau from molestation by Kolhapur. The British *would not* and Kolhapur *could not* molest Bhau in British villages. By article 7 of the treaty Kolhapur engaged not to molest Bhau in Kolhapur villages and the British Government gave a guarantee for the protection of Bhau and his descendants in those

villages. Thus the British guarantee by treaty was limited to Kolhapur villages alone. Government, on 6th March 1862, decided that the Inam was not Jagheer and this decision is conclusive under section 16 (c) of Bombay Act 2 of 1863. As the settlement was assented to by the then holders of the villages and lands, with full knowledge of their rights and all the material facts, it is not open to any legal representatives of those holders to impeach the validity of the transaction on the ground of want of authority by the Governor in Council to make the contract. Such an objection by a person, *who is not shown to be a legal representative* of the party to the contract, is still less maintainable. The application of the Summary Settlement to the villages and lands in question was therefore valid and legal.

1869—(F) Local Fund (Art. 142-145).

## 142 Sections 7 and 8 of Act III of 1869 Local Funds

Local Fund Act' Act, run thus :—  
ss. 7 and 8.

Sec. 7 (Rules for assessment) :—

“ In assessing this cess on alienated villages as defined in the Bombay Land Revenue Code of 1879, the following rules shall be adopted :—

- (1) If the village has been surveyed and assessed on the principles laid down in the Bombay Land Revenue Code of 1879 the cess shall be fixed on the total annual assessment of the village *as made by the Survey Officers.*

*Note.*—‘ Altered assessment ’ fixed by a Collector under section 48 of the Land Revenue Code (*Vide* Article 158 below) is not subject to the levy of local fund because the definition of ‘ Survey Officer ’ in section 3 (2) of the Land Revenue Code does not include a Collector as such (G. O. R. D. No. 2353 dated 7th August 1920).

- (2) If the village has come under Summary Settlement under (Bombay) Act II or (Bombay) Act VII of 1863; the cess shall be fixed, until the

village is brought under the preceding Rule, on the total annual assessment as settled for the purposes of Summary Settlement.

- (3) On villages not included in the preceding Rules, this cess shall be fixed on the old or *Kamal* rate recorded in the Collector's books ; but ( if no such rate is so recorded, or if the rate so recorded is objected to by the holder or proprietor of the alienated village), then the cess may be fixed as agreed on by the Collector and such holder or proprietor, or failing agreement, then by a rough Survey and assessment to be made by Survey Officers, the expense of such rough survey being borne half by Government and half by the holder or proprietor of such village."

" Sec. 8. *Cess to be levied as land-revenue* :—The cess described in Sections 6 and 7 shall be levied in the same manner and under the same provisions of Law, as the ordinary land revenue, and through the agency of such officers as shall from time to time be appointed for the purpose by the Collector acting under the general control of Government, or of the Commissioner of the Division or other officer from time to time duly empowered on that behalf by Government. The provisions of the law relative to the assistance to be given to superior holders for the recovery of their dues from their tenants and occupants under them, shall be applicable to all superior holders, whether of alienated or unalienated land in respect of the recovery of this cess from their tenants and occupants, and shall be applicable also to occupants of land under the Bombay Land Revenue Code 1879 for the recovery of this cess from their tenants or joint occupants."

**143** In accordance with these sections the Inamdar Inamdar primarily responsible. is primarily responsible to Government for the payment of one anna cess ; e. g., in the village V, the total assessment of the Inamdar's portion of the village under Clause 2, Section 7 referred to in Article 142 was Rs. 160, i. e. on all assessed lands, whether cultivated or

waste, except Kadim lands and the Inamdar was required to pay to Government Rs. 10 per year pending the levy of original Survey rates, from 1874-75. The Inamdar himself could realise the following amounts from his tenants as Local Fund :—

		As.	Rs. a.	p.
Jadid	Inams Nos. 8,9,10.	30	i. e.	1 14 0
	" No. 14.	Nil as the number is waste.		
	" Nos. 15 & 16.	The Inamdar when standing in Survey Nos. 15 & 16 is a tenant; and therefore as such he must pay first 20 as. i. e. Rs. 1-4-0 on account of Local Fund, for ultimate repayment to himself.		
	" Nos. 17 to 26.		6	4 0
		Total Rs. 9 6 0		

It will thus be seen that the Inamdar will recover Rs. 9 as. 6 under Section 8 quoted above and lose 10 annas because Survey No. 14 is waste.

*Note.*—The Inamdar is not entitled to charge Government for his expenses in collecting the cess.

Secretary of State *vs.* Balvantrao Natu (I. L. R. 17 Bombay 422).

**144** The village officers will recover direct 10 annas Local Fund on from each of the five holders of Survey Kadim lands. Nos. 1, 2, 3, 6 and 7. They cannot recover one anna cess from the holders of Survey Nos. 4 and 5 under G. R. No. 4258 of 4-10-1869, which directed that the one anna cess should not be levied in the case of lands held by village officers and servants whose services are retained for the use of the State in Government or alienated villages.

**145** Under G. R.s Nos. 7651 of 28th December 1877 and 1817 of 9th April 1878, all Government service Inam lands are not liable to pay the one anna cess on *Mamul and original Survey assessments*. But the one anna cess is to be levied from the introduction of the second or Revision Survey assessment into Government or alienated villages.

## 1871 (F) Pensions Act. (Art. 146).

**146** The Pensions Act, XXIII of 1871, and the rules thereunder are applicable to Government grants of money or land revenue both in Government and Inam villages. The new rules under this Act, published on 29th August 1917, are given in Appendix A, No. 5.

## 1874-75 (G) Entries in Accounts. (Art. 147-152).

**147** The effect of the first survey settlement on the Government and Inamdar's demands in the village is shown below:—

## (1) LAND-REVENUE.

## Government Demand.

A. *Kadim Lands.*

Survey Nos.						Rs.	As.	Ps.
1.	...	...	...	...	...	3	2	0
2.	...	...	...	...	...	2	8	0
3.	...	...	...	...	...	3	2	0
4, 5, and 6	...	...	...	...	...	0	0	0
7.	...	...	...	...	...	5	0	0
						13	12	0

B. *Kadim Cash.*

-----------	-----	-----	-----	-----	-----	---	---	---

C. *Inamdar.*

Permanent Judi.	...	...	...	...	...	7	0	0
						23	14	0

*Note.*—The permanent judi of Rs. 7 is payable by the Inamdar personally, but Kadim cash allowances and Istimrar judi are recoverable directly from the revenue of the village without any remission. (G. R. No. 891 dated 14th September 1909, letter No. 1829 of 5-8-1861 from the Agent to the Governor General, Central India to the Bombay Government).

Thus the Survey Settlement did not affect the Government dues in this village, on account of land Revenue.

*Inamdar's demand :—*

Survey Nos.							Nil.		
8 to 14...	...	...	...	...	...	...	180	0	0
15 to 26	...	...	...	...	...	...	180	0	0
<i>Deduct Kadim cash allowances</i>							48	0	0
							132	0	0
<i>Deduct Settlement Judi permanently fixed</i>							7	0	0
							125	0	0
<i>Deduct Jadid cash allowance</i>							2	0	0
							123	0	0
<i>Add (proportionate Judi from the Jadid land-holders</i>							1	14	0
							124	14	0

Thus instead of Rs. 63 plus 1-14-0 before the Survey the Inamdar now began to take home Rs. 124-14-0. The then Inamdar had a divided brother in a separately partitioned part of the old Inamdar's wada, who claimed and received

$$\text{Rs. } \frac{124 \cdot 14 \cdot 0}{2} = \text{Rs. } 62 \cdot 7 \cdot 0.$$

*N. B.*—When Government receives a percentage on this last item of Rs. 124-14, the village is called *Sharakati*.

(2) *Local Fund.*

<i>Government demand (L. F.)</i>			<i>Inamdar's demand (L. F.)</i>

8, 9, 10 and 14 to 26	Rs. a. p.

It will thus be seen that one anna cess is always levied on the survey assessment for the time being.

**148** Mr. Anderson's village account forms are used in Accounts. survey settled Inam villages in the ordinary course, and the Inamdar's consent is not necessary thereto.

(Government Gazette, part V for 1917, page 873).

**149** The accounts in respect of Inam lands and Inam Accounts and villages are given in Mr. Anderson's Manual Registers. of Revenue Accounts :—

Village Form No. 3.

Taluka Form No. 3.

District Form No. 3.

And for Accounts of alienated and non-rayatwari villages see pages 271 and 292 of the manual.

**149A** *Adjustment in accounts*—Sums due from sub-sharers in an Inam village on account of rent or land revenue should, as a General Rule, be recovered in cash and should not be adjusted by set off against sums due to them. The orders referred to in G2 on page 271 of JOGLEKAR'S Land Revenue Code were passed with reference to the special circumstances of one individual case, and should not be regarded as general.

(Government reply on page 581 of the Bombay Government Gazette Part VII for 1912.)

**150** The following Circular was issued by the Commissioner C. D. on 8-4-1909 :—

It has been found that in many Inam villages, while the accounts as between the Inamdar and Government are carefully prepared and in order, the accounts as between the rayats and the Inamdar are incomplete and full of confusion.

2. It is necessary in the interests of the Inamdars and of the rayats in *Inam* villages that these accounts

should be as clear, regular and up-to-date as in Government villages. Officers visiting Inam villages should pay attention to this point and take adequate steps to put matters right if the accounts are found defective.

3. The Commissioner also takes the opportunity of reiterating the order that, as in Government villages, so in Inam villages, collections should first be credited to the current year's demand, and only when that has been satisfied, to arrears.

**151** Government in their Resolution No. 27 dated 5th January 1916 F. D. have directed the following revised procedure for bringing to account Kadim cash allowances :—

- (1) They should be merged into the ordinary fixed land Revenue when remitted to the Taluka.
- (2) Payments should be debited to the ordinary service heads.
- (3) Service cash allowances should be classified and included in the same vouchers for Kadim and non-kadim allowances.
- (4) Payments in respect of non-service allowances e. g. Devasthan, Varshasan &c. should be debited to the head " 2 assignments and compensation ".

**152** The managing Inamdar of a village has the right  
 Seals. to sign and seal the village Records. (G. R.  
 2796 of 13-4-1904.)

So long as an Inamdar keeps his accounts properly his seal should be considered sufficient in the village-books, but when irregularity or mis-management is discovered, the Collector should direct the Mamlatdar to affix his seal in addition.

Bombay Government Gazette Part VII for 1912. Page

1875—(II) Watan Act (Art. 153-157B).

**153** Under the Watan Act the Watan registers of here-  
Watan Act. ditary Patils and Kulkarnis were framed in  
Government and alienated villages. In a few cases the Inam-  
dars were empowered to hold these proceedings and make  
appointments under Section 84 of the Act.

**154** Whenever an appointment of a village officer is  
Village officers, made in an Inam village the Inamdar or his  
agent should be given notice, and his objections, if any, to the  
person proposed to be appointed should be fully considered  
before the appointment is made. The person to be appointed  
should be required to sign an undertaking to use all diligence  
to collect the dues of the Inamdar.

G. R. R. D. No. 5733 of 17-8-1899.

The above orders cannot be held to apply to stipendiary  
servants.

G. O. No. 1505 dated 8th February 1916 R. D.

**155** That person is rejected as *unfit*, if the Inamdar  
shows that he is not likely (1) to exercise the necessary dili-  
gence and (2) to show reasonable efficiency, in the collection of  
the revenue due to the Inamdar.

G. R. No. 809 of 3-2-1900.

This *unfitness* is generally determined by

- (1) his careless work when formerly officiating ; or
- (2) his belonging to a faction in the village ; or
- (3) his bearing a grudge against the Inamdar ; or
- (4) his not having an intimate knowledge of the village  
and its surroundings.

**156** In a Sharakati village (*vide* N. B. in art 147 (2) ),  
Sharakati village. the Inamdar's consent to the appointment of  
a watandar Patil or Kulkarni is not necessary.

**157** An Inamdar had to give a certificate to the village officers as to whether or not the collections Inamdar's certificate dispensed with. up-to-date had been satisfactory.

This certificate is now dispensed with by the following reply of Government to a question in the Legislative Council :—

" the practice of obtaining the Inamdar's certificate before paying the Kulkarni his stipend has been discontinued because revenue collections are now mostly up-to-date and Government officers have other means than the Inamdar's certificate of ascertaining the state of collections."

(Government Gazette, part V for 1918, page 317.)

**157A** Government in their Resolution No. 1505 dated Commutation of 8th February 1916 sanctioned a form of Kulkarni Watans. agreement to be passed or refused at pleasure by the holders of Inam villages in connection with the substitution of talaties for watandar kulkarnis in such villages. Government agreed to bear the stamp duty on these agreements and directed that after the passing of such agreements Inamdars should not be consulted when making appointments of the talaties so substituted.

**157B** The following is the form of agreement sanctioned in G. R. R. D. No. 1505 dated 8th February 1916.

Note.—(G. R. R. D. No. 5068 dated the 15th May 1916 sanctioned the printing of the Marathi translation of this form.)

Agreement by an Inamdar of  $\frac{\text{a surveyed}}{\text{an unsurveyed}}$  village.

I, A. B. of C. D. in the taluka of the district of being the registered holder of a anna share in the Inam village of hereby agree with the Secretary of State for India in Council on my own behalf and on behalf of all future holders of my share in the said Inam village as follows:—

WHEREAS the said Secretary of State has agreed to appoint a talati for the said Inam village in lieu of a hereditary kulkarni and to effect a permanent settlement of the amount with which my share in the said inam village is chargeable on account of the remuneration of the village accountant ;

NOW THEREFORE, in consideration of the premises,  
I and every future holder of my share in the said inam village  
( for surveyed villages )

(a) will annually and in perpetuity pay to Government a sum of money equal to the sum due in respect of my share in the said inam village for the revenue year 1913-14 on account of the remuneration of the officiating village accountant, such remuneration to be deemed to comprise the scale allowance or *akarni*, the maintenance allowance or *potgi* and the stationery allowance payable to the said accountant in the said year according to the rules then in force ; and in default of due payment any such sum shall be recoverable from me as an arrear of land revenue ;

( for unsurveyed villages )

(a) will, pending the introduction of survey rates in the said inam village, pay annually to Government the kadim cash contribution hitherto paid in respect of my share in the said village on account of the remuneration of the officiating village accountant, and, after the introduction of the survey rates, will annually and in perpetuity pay to Government whatever may then be agreed upon by myself and Government ; and, in default of due payment, any such sum shall be recoverable from me as an arrear of land revenue ;

( common to surveyed and unsurveyed villages )

(b) will receive my dues on account of rent and land revenue through the talati and will, in default of so doing, be liable, on conviction by the collector in a summary enquiry, to a fine not exceeding three times the amount which I may demand or receive otherwise than through the talati ;

Provided that if the talati fails to recover any sum so due, I shall with the Collector's consent : be entitled to recover it direct, and if the talati, having recovered any such sum, fails to account for the same, the Collector shall, on my written application, recover it for me from the talati ;

(c) will not, when the Collector requires the production for any purpose of any records kept or prepared by the talati, raise any objection thereto.

**157C** *Kulkarni watan commutation*—In the unsurveyed Inam village of Sawarghar, taluka Patan, all the five representative watandar kulkarnis commuted their right of service on 12th December 1914. The Inamdar has not given his consent to the introduction of talati system in the village. Thus there is really no hereditary watandar kulkarni left in the village. The Inamdar is therefore bound to accept the services of a Government nominee, i. e., a talati. Government have in their Resolution No. 9711 dated 13th September 1915 expressed their unwillingness to dispense with the Inamdar's consent in the matter, though there does not seem to be any serious legal objection to do this.

Order—Sanction is accorded to the payment to the commuting representative watandar kulkarnis of one-third cash allowance as a special case.

2. As regards the appointment of a talati, the case should be dealt with in accordance with Government Order No. 1506 dated 8th February 1916, the talati of the saza being formally appointed as *kulkarni* of the village on behalf of Government.

(G. O. No. 8402, R. D., dated 18th August 1919).

## 1878—(I) Treasure Trove Act. (157D).

**157D** The Treasure-trove Act, 6 of 1878, contains the following definitions :—  
 Treasure-trove  
 Act 6 of 1878.

‘Treasure’ means anything of any value hidden in the soil, or in anything affixed thereto.

‘Owner’—When any person is entitled, under any reservation in an instrument of transfer of any land or thing affixed thereto, to treasure in such land or thing, he shall, for the purposes of this Act, be deemed to be the ‘owner’ of such land or thing.

When the right to treasure in land is given to an Inamdar by the sanad issued to him, he is to be considered the ‘owner’ of the land for purposes of the Act, even if the surface of the land is in another man’s possession, and as such owner he will have a fourth share in any treasure found by another person within the limits to which the sanad extends, (*vide* section 12 of the Act).

## 1879—(J) Land Revenue Code (Art. 158-201).

**158** Inamdar of a village into which a Survey Settlement has been introduced and is still in force, is entitled to altered assessment under Section 48 of the L. R. C. in accordance with the Rules published with Government Notification No. 5641 of 5-6-1907 as amended by G. N. No. 12022 (a) of 24-11-1908.

„ „ 2533 of 11th March 1911.

(*Vide* G. 13 on pages 186-190 of Joglekar’s Land Revenue Code and Article 142 (1) (note) above).

**159** The grant of lands on restricted tenure in Inam villages is not authorised by the provisions of the Land Revenue Code. (Commissioner C. D.’s No. C-462 of 14-5-1915).

**160** Under section 84A of the Land Revenue Code, the Collector has power to grant suspensions and remissions in Inam villages.

(3) Suspensions  
and remissions, S.  
84A.

**161** The revenues of an Inam village, except a Sharakati village, are recovered by the following methods :—

(4a) Revenue  
collections, Sections  
86 and 87.

- (a) Village officers' influence with the rayats to pay revenue in time.
- (b) Assistance suits by Inamdars against land-holders.
- (c) Civil suits against land-holders.
- (d) Commission under section 88.
- (e) Collector's management under section 94A.

**162** The Commissioner, Central Division, issued the following order in his circular No. R 1396 dated 31st May 1911 :—

(a) Village  
officers' influence.

"The Collector is requested to generally impress on the Village Officers of all alienated villages the necessity of collecting Inamdar's revenue promptly. There is no reason why the Mamlatdars' offices should be burdened with assistance-suits simply because Kulkarnis think that they can neglect their work with impunity."

**163** The steps to be taken in the matter of assistance suits by an Inamdar against defaulters in the payment of land revenue and local fund are as follows :—

(b) Assistance  
suits by an Inam-  
dar.

- (a) The periods of the *instalments* of land-revenue are as follows :—

(1) Kharif villages in { 1st-5th to 15th Dec.  
Ghat. Districts. { 2nd-5th to 15th Jan.

- (2) Kharif villages { 1st-5th to 15th Jan.  
elsewhere. { 2nd-5th to 15th March.
- (3) Rabi villages { 1st-5th to 15th Feb.  
generally. { 2nd-5th to 15th April.
- (b) Under G. R. No. 1423 of 9-2-1912 R. D., the village officers of an Inam village have to submit separate lists of defaulters of land-revenue (Wasul-baki-Patraks) to an Inamdar and Mamlatdar within 5 days after the date of expiry of each instalment.
- (c) After receipt of these Wasul-baki-Patraks the Inamdar sends by post or presents in person an assistance suit to a Mamlatdar or Mahalkari.

Assistance suit how prepared. **164** An assistance suit is prepared as follows :—

- (1) Under section 148 of the Land Revenue Code, if any instalment of land revenue be not fully paid within the prescribed time the defaulter is liable to a fine of  $\frac{1}{4}$ th, and also required to pay all the instalments due in that year at once.

e. g., If the Inam village is a Kharif village in Ghat Districts and if A, a *Mirasi* tenant, has to pay to the Inamdar Rs. 100 as land-revenue for the revenue year 1915-16 in two instalments, viz., Rs. 50 from 5th to 15th December,\* and Rs. 50, from 5th to 15th January, then as soon as the Inamdar receives the Wasul-baki-patraks on or after the 21st December, intimating A's default to pay the first instalment of Rs. 50 he should file a suit.

(1) for the recovery of Rs. 100 (with Local fund) and

(2) for the recovery of Rs. 12-8-0 as fine for default in the first instalment,

- (2) The *Court-fee* on such assistance-suits is as follows :—

1 anna, when the total amount to be recovered is less than Rs. 50.

8 annas, when the total amount to be recovered is Rs. 50 or upwards.

*Note.*—A superior holder, when applying for assistance to collect rent from his tenants, need not make a separate application on a separate stamp for each tenant's case. He may put as many cases as he can into one paper, provided the total amount of rent for the recovery of which the application is made, is sufficiently covered by the stamp.

G. R. R. D. No. 2818 of 4-6-1874.

- (3) The *process fee* :—

(a) For every *notice* to a defendant in the form of Appendix XI, page 618 of Joglekar's L. R. C. 1st Edition or a *Summons* to a witness—3 annas.

(b) For every *warrant* of arrest issued on application of parties—6 annas.

- (4) The rates of *Bhatta*, prescribed in the Manual of Civil Circulars should be adopted in the case of assistance-suits, which are of a civil nature.

*N. B.*—In some cases Inamdars having a Commission must file assistance-suits in their capacity of *lessors* in respect of their private lands—*vide* Art. 181 (d).

## 165 Action to be taken by the Inamdar, in Assistance suits :—

- (1) He should call the Kulkarni or the Talati with the Khatavani or Day-book. No other witness will be necessary.

- (2) The Inamdar can file assistance suits in respect of the following :—

In every Inam village the Mamlatdar has, with the sanction of the Collector to classify the crops in accordance with the rules in Appendix XIII on page 620 of Joglekar's Land Revenue Code, 1st edition.

If the crops are assessed at 5 annas in the rupee, half suspensions *till the next year* have to be granted. Suppose the land is assessed at Rs. 16; then Rs. 8 are suspended. The Inamdar cannot file an assistance suit in respect of Rs. 8, out of Rs. 16 not paid during the year of suit.

(*Vide* Section 84-A L. R. C.).

But in the next revenue year if the crops are valued at 10 annas,  $1\frac{1}{2}$  times of the annual assessment are to be recovered in that year, and the Inamdar can then file an assistance-suit against that defaulter in respect of 8 plus 16 rupees, as being due, but not recovered.

## 166 *Duties of Mamlatdars and Mahalkaris in disposing of Assistance-suits :—*

- (1) (a) In giving a *notice* to the defendant he should be asked to produce his *receipts* which are counter-foils of the Day Book to enable the Mamlatdar to ascertain how much revenue the defaulter has actually paid in the year of suit, and to allow deductions accordingly in his decree.
- (b) In this notice there should be a warning in the following terms :—

"If you admit the claim, you must remit the amount together with three annas on account of process-fee before the date of

hearing; if not, a fine of  $\frac{1}{4}$ th will be levied *in case* the suit is decided against you."

- (2) *Inquiry in the village*—It should be made the rule for Mamlatdars to inquire into and decide applications from holders of alienated villages as far as possible, in the villages concerned, the summary inquiry being in ordinary cases completed on the day fixed. (G. R. No. 7537, dated 29th October 1903).
- (3) When the Inamdar and his tenants are present, the Mamlatdar should have a statement previously prepared in the following form :—

or by affixing a copy thereof to some conspicuous places on the land in respect of which the land revenue is due. Fresh notices are, therefore, issued after taking fresh process - fee from the Inamdar, & the case against them is postponed.

**167** (1) Execution of decrees passed in assistance cases should not be deferred for years. All the measures prescribed in Chapter XI (L. R. C.) may be taken, if necessary, promptly until the amount held to be lawfully due is collected.

(2) As a general rule no decrees should remain unexecuted beyond six months from the date thereof.

(3) The Collector and the Assistant and Deputy Collectors when examining a Mamlatdar's office, or when visiting an alienated village should pay special attention to this part of the administration.

G. R. No. 7092 of 8-10-1901.

*Note :—*Under Rule 65 (e) the land in respect of which the amount is due can be forfeited by the Collector free of incumbrances to the Inamdar, after which the arrears have to be remitted.

**168** *Civil suits :—*(a) These suits are governed by Article 120 of the Limitation Act IX of 1908, and can be brought within *six* years—I. L. R. 25 Bom. 556.

(b) Suits by an Inamdar against a land-holder for the recovery of village revenues are not cognisable by a Small Cause Court (I. L. R. 39 Bom. 131).

4 (b). Suits by Co-sharers in Inam villages & Govt. as a co-sharer in a Sharakati village.

**169** In order to understand a co-sharer in an Inam village the following illustration will be useful :—

Suppose there are in all 20 Survey Nos. in an Inam village and the assessment on each Rs. 10. Out of these 5 survey Nos. are *Kadim* grants. The remaining 15 survey Nos. are occupied by the Inamdar A's rayats. The Government village officers would recover gross revenue (Rs. 150) from them and bring it to the village Chawadi. At the Chawadi the following *Kadim* charges (hakks) are deducted for remittance to the Taluka :—

Rs. 38 on account of Kadim allowances.

Rs. 35 on account of quit-rent and Nazarana on Rs. 112 at the rate of 5 annas in the rupee (on the assumption that the village is personal Inam),

73 Total rupees.

Deducting Rs. 73 from Rs. 150 there remains a balance of Rs. 77 as net revenue which is taken to A's house. If A has got a divided brother B living in a separate portion of the ancestral *wada* (house) he is called a co-sharer (Hissa-owner); or if B being convicted of a seditious offence, his share is resumed by Government, or if Government owns a percentage on Rs. 77, the village is called *Sharakati*. (*Vide* also N. B. under Article 147 (2).

**170** In the first place the revenue in a *Sharakati* village is recovered by the village officers and the Mamlatdar, as if it is a Government village, and Rs. 77 in the above example is divided between G and A (*vide* G. R. R. D. No. 1468 of 21-2-1905 and entry No. 14 under village accounts in the accompaniment to G. R. R. D. No. 9032 of 26-9-1911).

**171** (1) In every Inam village the nearest heir or his assignee according to the tenure in each case is entered in Government account as the Inamdar who has the sole right to manage the village i. e. to recover revenue etc.

(2) If the village revenue is private property according to the tenure, it is divisible according to Hindu Law. If, therefore, A takes Rs. 77 to his house and refuses to give one-half of it to B, or to give an order to the village officers to send the  $\frac{1}{2}$  to B direct, B can file an Assistance or civil suit.

**172** He can file an *assistance suit* in the Mamlatdar's or Mahalkari's Court against A within the revenue year in which the sub-share was due to him.

The Mamlatdar or Mahalkari adopts the following procedure in deciding an assistance suit by a co-sharer of revenue against the managing Inamdar :—

- (1) If the case is one of a complicated nature he refers the plaintiff to a civil court.
- (2) If he awards a decree for recovery in whole or in part of the amount claimed he generally first deducts from the amount claimed the plaintiff's due share of the expenses of management (vide Sec. 90 of the Indian Trust Act 2 of 1882) incurred by the managing Inamdar,

*and then*

- (3) He passes a decree for recovering the remaining amount from the managing Inamdar A's private property if he has already received the revenue, and if not, from the village revenues as they are recovered from time to time. (G. R. No. 5454 of 21-9-1881).

**173** But if B is not satisfied with the Mamlatdar's or Mahalkari's decision, only one appeal is allowed by S. 87 (5) of the Land Revenue Code and if B is not satisfied with the appellate decision, he has a right to file a suit in the Civil Court,

- (a) for recovery of his sub-share in the village-revenue within *the last three years*,

or

- (b) for the demand of accounts from A within *three* years from the last admitted or proved items in the accounts. (*Vide* Art. 85, Schedule I to the Limitation Act IX of 1908).

or,

- (c) for partition of the village lands with Mirasi tenants according to his share.

If he gets a decree in his favour in (a) or (b) there is generally a declaration by the Court that he is entitled to a half share in the village revenues. If he sends a copy of such decree to the Collector, the Collector generally orders the

village officers to enter his name in the village form No. VIII only and to pay him one-half of the revenue due from time to time for remittance to A's house, so that he (B) is saved the trouble of going to the revenue or Civil Courts for the recovery of his sub-share every year. (*Vide* Commissioner C. D.'s No. 788 of 17-8-1904 and G. R. No. 7131 of 20-9-1904).

If he gets a decree in his favour in (c), his name is separately entered in the Government accounts as the Managing Inamdar, and thenceforward B is treated by the village officers as the separate Inamdar in respect of the one-half of the village lands (*vide* G. R.'s Nos. 8984 of 14-11-1884 and 8559 of 29-8-1907 R. D.).

**174** It will thus be seen that there are two ways—registering in village form 3 or “recognising” in village form 8 a co-sharer in an Inam village.

**175** If the village-lands with their tenants are partitioned, there is no complication if one village is practically, treated as two villages with separate managing Inamdars. If, without such treatment, B's name is *registered* along with A in Village Form No. 3 complications arise. Both A and B are required to become joint plaintiffs in filing assistance or civil suits as they are joint owners of all arrears due from defaulters. If one is absent or refuses to join because he has received through the village officers more than Rs. 38-8-0 voluntarily given by the Rayats without suits etc., the assistance or civil suits cannot be filed. Therefore the policy of *registering* B as a joint manager has been discontinued since 1884 (*vide* G. R. No. 3483 of 5-5-1883 as explained by G. R. No. 8984 of 14-9-1884) because it involves hardship rather than convenience to an honest co-sharer.

**176** The other way (of *recognising* a co-sharer) is to permanently enter his name not as a joint managing Inamdar in village Form No. 3 but in the village *Khatavahi* to enable the village officers to distribute Rs. 77, which is what a co-sharer wants.

**177** The following Inam villages are impartible and no certificates under the Pensions Act are allowed.

Class I—Saranjam or Impartible Political tenure.

Class III—Devasthan.

Class VI—Service Inams.

**178** There remain villages under

Class II—Personal Inams.

„ IV and V—Watan Inams.

But in respect of these no certificate under the Pensions Act is necessary. (*Vide* S. O. R. D. No. 18 on page 83 and Article 139 (2) above). A co-sharer's way to go to a Civil Court for filing a Partition suit in respect of these villages is therefore smooth.

**179** The rule is that in the absence of special reason to the contrary, every Inamdar who introduces (5) Commission the contrary, every Inamdar who introduces section 88 L. R. C. or has introduced a survey settlement into his village should be granted a commission under section 88 of the Land Revenue Code.

(Government Gazette, part V for 1917, page 519).

**180** No application by the Inamdar is required by law No application for the grant of a commission. For the required. points to be considered before a commission is granted by the Commissioner under section 88 of the Land Revenue Code, *vide* N 3 on pages 307-309 of Joglekar's Land Revenue Code.

**181** (a) The grant of a commission under Section 88 of Commission; Ab- the L. R. C. does not give power to an Inam- attachment and sale. dar to sell property attached by him for arrears of revenue. He has to make an immediate report of the attachment of a defaulter's property to the Collector, who makes arrangement for the sale of that property through his subordinate revenue officers. (*Vide* Sections 88 to 94 both inclusive, L. R. C.).

(b) The holder of a Commission cannot have lands of defaulters forfeited to him free of incumbrances, which is done *only* when executing an assistance decree—Vide Rule 65 (e) under the L. R. Code, and G. R. No. 10505 of 15-10-1908.

(c) In accordance with Commissioner C. D.'s Circular No. R 5689 of 30-11-1889, an Inamdar having a Commission cannot order the attachment of property, belonging to the defaulter which is situated outside the limits set forth in his Commission, e. g.,

The Inamdar of Chinchwad cannot request the Mamlatdar of Baramati to attach the moveable property of a defaulter of land-revenue in Chinchwad, residing at Baramati.

(d) An Inamdar having a Commission can attach the property of persons making default in the payment of the land-revenue (in surveyed villages) and customary rent (in unsurveyed villages) due to him. Therefore if the Inamdar has some Sheri or private lands leased to tenants, he can attach property only in respect of land-revenue or customary rent payable by the tenants to him *as Inamdar*, but not in respect of any additional amount payable to him by those tenants *as a lessor* under the lease. In respect of his private land he is to be treated as one of the Mirasi holders of the village, and as such holder he must file an assistance suit in respect of the additional amount.

**182** An Inamdar who holds a Commission is entitled to take "such precautions as the Collector is authorised to take under Sections 141 to 143." Referring to Section 138 of the L. R. C. it appears that the Collector is only authorised to take precautions under Sections 141 to 143 for the recovery of the land-revenue of the current year and the Inamdar's power is similarly restricted.

**183** The power to attach property conferred upon an Inamdar by the Commission is not restricted by any reference to any other section or provision of the Land Revenue Code, and there is no reason for holding that the

Commission; Precautionary measures by the Inamdar.

Notice.

Inamdar is bound to issue a notice of his demand before proceeding to attach his defaulter's property. There can be no legal objection to his sending a preliminary notice to the defaulter if he thinks fit to do so; such course would be commendable, but it is not obligatory, and the Inamdar would not be entitled afterwards to recover as a revenue demand the cost of issuing and serving such notice.

(G. R. 2901 of 15-4-1886).

**184** No cost of management under Section 94 (A) (6) Section 94 should be levied from an Inamdar.  
(A) of the L.R.C.

(G. R. No. 3334 of 19-3-1915).

**185** The following orders have been passed by Government in G. R. R. D. No. 7169 of 24-7-1909 :—  
(7) Boundary-ment in G. R. R. D. No. 7169 of 24-7-1909 :—  
marks S. 123.

(a) When a Survey Settlement has been introduced into an alienated village, not only are all the landholders responsible, under Section 123 of the Land Revenue Code, for the maintenance and repair of the boundary marks, and for the charges incurred by revenue officers in respect of them; but also it is the duty of the Collector under Section 124 to take measures for their construction, laying out, maintenance and repair. The terms of Section 124 are imperative, and it is therefore incumbent on the Collector to apply to the construction and maintenance of boundary marks in alienated villages, in which a Survey Settlement is in force, the same procedure as is prescribed for Government villages.

(b) In connection with boundary marks the following circular was issued by the Superintendent, Land Records, S. D., in May 1915 :—

In modification of the previous circulars relating to boundary marks in Inam villages it is now laid down that no separate mark shall be

prescribed for bends. Salient bends will be treated just as corners. No distinction will be made in the map between any kind of mark—the one sign O will represent a boundary mark. Where stones are very difficult to obtain of the full size prescribed the minimum size accepted will be two feet long and 6 inches square. The orders of the Superintendent should be taken in these cases. But the stone must be shaped at the top-end so that it may be easily recognised.

**186** On the 11th January 1913, Government issued a Chapter XA L. Notification in the Revenue Department, R.C. section 135A. No. 288 extending the provisions of the Record of Rights Act to Inam villages into which a Survey Settlement had been introduced under Chapter VIII of the Land Revenue Code, with the exception of such Inam villages in the Ratnagiri District.

**187** This Record is intended to show the lands in the Record of Rights actual possession of each land-holder other than a tenant in a surveyed alienated village and the land-revenue payable by him in respect thereof. The Inamdar's consent is not necessary for the introduction of the Record of Rights into an Inam village.

Before the introduction of this Record, each survey number was considered a unit with one name entered as a *registered* holder thereof, who alone was held primarily responsible for the payment of land-revenue. This created difficulties in the collection of land-revenue and involved the forfeiture of a number on account of the registered holder's default.

For the form of the Record of Rights, see village forms VI, VII, and XII.

*Note.*—In respect of transactions which are evidenced merely by the entries in the Record of Rights and for which no document has been executed, no prosecution under the

Stamp Act can lie. But the Transfer of Property Act knows of no sale of land for Rs. 100 or more without a stamped and registered deed, and if no such deed was forthcoming, any court would find that there was no sale at all (G. R. R. D. No. 8702 dated 15th September 1914).

**188** In an Inam village the following two sets of relations are involved :—

- (I) Rights as between Government on the one side and on the other side the Inamdars and their sharers, the holders of Kadim Inams and of land that has become Khalsa.
- (II) Rights as between the Inamdar and his sharers on the one side and on the other side tenants and Jadid Inamdars.

These different sets of relations can be provided for by dividing the Record of Rights Register into two parts. In the *first* part rights under (I) will be recorded, a general heading being added at the top of the Form. A line will then be drawn, and below a second appropriate heading 'rights under (II)' will be entered.

**189** Heirship inquiry by village officers into Jadid Inams. Inams for the purposes of the record of rights should be sanctioned by the Inamdars and not by Government.

(G. R. No. 11064 of 22-11-1906).

**190** *Unsettled Inam Villages*—The intention of Government is that the Record of Rights (with the necessary survey apart from settlement) should be extended to unsettled Inam villages. The survey should be made according to the Udtara village method.

(G. M. No. 1301 dated 8th February 1919).

(G. R. No. 1721 dated 14th February 1916).

(G. R. No. 339 dated 13th January 1919).

**191** The attachment of an Inam village under Section Attachment. 160 of the L. R. Code is unnecessary, as Government dues can be recovered direct from the sub-sharers and inferior holders in accordance with G. R. No. 9920 of 21-12-1904.

### INAM VILLAGE—SURVEY.

(Articles 192-201).

**192** First, an application is made under section 216 of Application and the Land Revenue Code for the application agreement. of Chapters VIII and IX to the village. Also an agreement is entered into between the Government and the Inamdar, in the form given in Appendix XXVII of Joglekar's Land Revenue Code, (pages 644-45).

*Note.*—The standard form of this agreement was not considered applicable to an Inam khoti village in the Ratnagiri district.

(G. R. R. D. No. 583 dated 21st January 1911).

**193** As regards the cost of survey, the necessary Costs. changes are made in the wording of the first paragraph of the agreement in the case of villages held on Saranjam and political tenures, in which Government do not consent to bear the costs. (G. R. No. 373 of 21 January 1875, and P. D. No. 2897 of 1894).

**194** The following offers are made to induce an Inam- Inducements to dar to apply for the introduction of survey:— apply for survey.

- (A) Inamdars are offered rates some what higher than those prevalent in adjacent Government villages, to prevent too sudden decrease of their income. (G. R. No. 6437 of 13-10-1900).

*Note.*—In an Inam village, through some mistake, the *sanctioned* rate per acre was less

than the *promised* rate. The sanctioned rate could not be increased against s. 106 of the Land Revenue Code. But Government kept up their promise by making good to the Inamdar the difference between the 2 rates, from Government funds (G. O. R. D. No. 2056 dated 8th July 1920).

- (B) The survey assessment will be so fixed that the total of it for the whole number of villages held by an Inamdar shall not be less than the total of the mamul rates.

(G. R. R. D. No. 1042-28½ conf. dated 31st January 1912, and No. 7367 of 1917).

- (C) When a Survey Settlement is extended to an alienated village, the land-holders, if they are tenants, will remain tenants without any of the rights of an occupant. (G. R. R. D. No. 5527 of 12-6-1913, and 4822 of 30-4-15).

**195** On 11th November 1915, Government passed an order No. 11926 as follows:—

Patasthal rates.

“While the levy of occasional water-rates in Inam villages under section 55, Land Revenue Code, is justified by law, in practice it is inconvenient. The better alternative is to impose a combined assessment for the period of the settlement and to provide for remission when the supply of water fails. In fixing the combined assessment, the orders contained in Government Resolution No. 2759 dated 15th March 1907 may be left out of sight. Those orders granted a concession as a matter of grace and were not intended to apply to Inam villages.

2. As particular care is required in the assessment of Patasthal rates, the Superintendent of Land Records should endeavour, where possible, to see the land personally.”

**196** On 27th April, Government in their order No. 5248 directed that, in future, proposals for the settlement of Inam villages should be submitted to Government for further action under section 102 of the Land Revenue Code.

*Note.*—Under G. R. No. 3691 dated 31st May 1902, Commissioners were authorized to sanction such settlements when the maximum rates had been already decided by Government for the Government villages in the taluka. This order of 1902 has now been cancelled.

**197** In cases in which the Survey rates are lower than Mamul assessments the Inamdars try to revert to the Mamul rates on the expiration of a survey guarantee by a wrong interpretation of the sanad issued to them. But the general rule is that survey rates introduced after the passing of Act I of 1865 remain in force for ever pending the introduction of a revision Survey. The Inamdar is able to revert to Mamul rates only in cases in which the term of settlement began *before* the passing of Act I of 1865 (21st January 1865).

*Vide* G. R. No. 1327 of 7-12-1912.

I. L. R. 44 Bombay 110, 22 Bombay Law Reporter, 247.

**198** Care should be taken to see that Inamdars of unsurveyed villages are not allowed through looseness of practice advantages as compared with Inamdars who have introduced the survey settlement into their villages.

(G. R. R. D. No. 7746 of 14-8-1906).

**199** In the village V, the revision rates may be supposed to have been enhanced from Rs. 15 to Rs. 20 on each survey number in the village except numbers 11, 12, and 13. The following changes in collections will then take place:—

- (1) *Enhanced assessment*—The Collector will apply section 84A (2) of the Land Revenue Code to the

village, with the result that for the first six years, the holders of survey numbers 15 to 26 will enjoy the concessions described in N 1 on pages 357-358 of Joglekar's Land Revenue Code.

- (2) *Local fund*—The Inamdar will have to pay to Government one anna cess "on the total annual assessment" as made by the survey officers in respect of survey numbers 8 to 10, and 14 to 26. And he himself will recover the following amounts:—

- (1) The holders of survey numbers 8 to 10, although exempt from payment of Rs. 20 each as land revenue, will have to pay 20 annas each to the Inamdar as Local fund.
- (2) Survey number 14 being waste, the Inamdar will get nothing as local fund.
- (3) The holders of survey numbers 15 to 26 will pay one anna cess calculated on the amount of the revised assessment *actually for collection*. Under section 217 of the Land Revenue Code, they will have the same benefits as Government occupants in a Government village. (*Vide* G. R. Nos. 3694, dated 7th May, and 5050, dated 19th June, 1885).
- (4) Government will receive *Increased Local Fund* on Kadim Survey Nos. 1, 2, 3, 6 and 7; while each of the holders of Survey Nos. 4 and 5, viz., village officers and seryants useful to Government, will begin to pay L. F. for the first time.
- (5) The scale remuneration of the Patil and Kulkarni will be revised according to condition (1) of the agreement.

**200** The following illustrations show the extent, at the Inam Village time of grant and at the time of Survey, of (Survey Wadhawa). *Kadim* and *Jadid* Inams in an Inam village which has been settled under Bombay Act II of 1863 by the levy of quit-rent at the rate of 4 annas, and a succession Nazara at the rate of 1 anna in each rupee of the Inamdar's revenue:—

- (A) *Kadim Inam* i. e., Inam granted by Government as personal Inam, out of charity, to a person named A. B. before the village was granted as Inam to the Inamdar:—

Area and assessment at the time of the original grant and subsequently brought under settlement under Act II of 1863.		Area in A. B.'s possession at the time of a Survey or the Survey assessment thereon.	
Acres.	Assessment. Rs.	Acres.	Assessment. Rs.
10	10	20	20

- (B) *Jadid Inam* granted by the Inamdar to his family priest after he got the village as Inam from Government:—

Area and assessment at the time of the original grant.		Area in his possession at the time of a Survey and the Survey assessment thereon.	
Acres.	Assessment. Rs.	Acres.	Assessment. Rs.
15	15	30	30

With regard to illustration (A), the excess of 10 acres with its excess assessment Rs. 10 should go to the Inamdar, but the Survey Department did not separately demarcate the "Wadhawa No." and consequently A. B. has been enjoying 10 acres without paying the assessment of Rs. 10 to the Inamdar.

dar to which he is entitled under G. R. No. 2960 of 4th August 1864 R. D. When these 10 acres are separately demarcated by the Survey Department and the Inamdar receives the excess assessment, he must pay to Government the settlement Judi on it. For instance, in the illustration the Inamdar will have to pay to Government annas  $10 \times 5 =$  annas 50 = Rs. 3-2-0 in addition to the Judi hitherto paid by him.

*Illustration (B)*—the claim of the Inamdar is against the priest and not against Government and consequently neither Act II of 1863 nor Act VII of 1863 applies to that Jadid Inam. Those Acts dealt with claims against Government and not against private individuals. In this case, therefore the donor and the donee should be left to do anything they like by mutual consent or by a settlement of their disputes in a regular court without the intervention of Government officers. The Rs. 30 on account of assessment in the illustration, form part of the Inamdar's revenue for the purpose of calculating the dues of Government, and consequently unnecessary interference in a private matter would involve Government in Civil suits without any corresponding gain.

**201** It has already been stated (*vide* year 1864 in Rough Survey. Art. 133) that the Settlement Judi is either fixed *permanently* or subject to permanent revision *at the first original Survey Settlement*. In the latter case Government sometimes made a rough Survey with a view to see whether the total revenue roughly arrived at was (A) *less* or (B) *more* than the *Mamul* revenue.

In the case of (A) the Inamdars naturally declined to apply for the original Survey Settlement; and it is reasonable that they should continue to pay the Provisional Judi on the higher Mamul assessments.

In the case of (B) Inamdars naturally consented to the original Survey Settlement involving increase of revenue, and on the introduction of such Settlement Government also received Judi proportionately increased,

Under section 7 (III) of the Local Fund Act (Bombay 3 of 1869) a rough survey is also sometimes made for fixing the amount of Local fund.

These rough surveys are not to be considered *Survey Settlements* under section 216 of the Land Revenue Code.

1884—(K) Forests (Art. 202).

**202** When Inamdars claim forests in their villages a *Forest*, separate report should be made in each case for the orders of Government G. R. No. 6457 of 29-10-1884. R. D.

(2) When the right of an Inamdar to the forest-lands in his village is admitted by Government and it is proved that he is the sole owner thereof, the Inamdar can apply to Government for placing the Forest under the management of the Forest Department. The terms on which the transfer is effected are embodied in a lease, and are agreed to by the Inamdar on one side, and the Collector and the Forest Officer on the other.

(3) If it cannot be proved from the Collector's Records or otherwise that the Forests were at the time of Settlement in the possession of Government, the title of the Inamdar will not be questioned. But it is obviously desirable that before the settlement of the forests of a Taluka or District is considered complete, it should be clearly determined, to what lands the Summary Settlement has been applied.

G. R. R. D. No. 3079 of 15-4-1884.

1893—(L) Rivers (Art. 203-206).

**203** Where large rivers, of which the bed is fairly full *River-beds*, throughout the year, divide the village, the rule of midchannel is adopted. Where the rivers run very dry and shift their channels, but leave the banks as a permanent boundary the rule of mid-bed is preferred with a reservation of the right of use of the water; but where the banks are subject to erosion and as shifting as the channel the rule of mid-channel is reverted to as a choice of evils.

**204** When a stream flows through the lands of an Inam village and flows only when rain falls and is dry at other times the Inamdar is the proprietor of the bed of the stream. I. L. R. 23 Bombay 39 and I. L. R. 38 M. 108.

**205** When Inamdars have a right to river-bed Government shares with them the net proceeds of a public ferry.

**206** In the case of a claim preferred by an Inamdar for Inundation. damages on the ground that a weir built by Government by preventing the subsidence of flood-water had destroyed his income from melons grown in the bed of the river,

Government decided that

“(1) The Inamdar appears to be entitled to require that the flood water from his land should run in a natural flow, and can bring a suit for damages if his lands are inundated and permanently placed under water by reason of a weir having been built on the lower grounds. (cf. I. L. R. 12 Calcutta page 323).

(2) Though a river-bed is a place to hold water, the usual and natural course is to allow the water to flow down freely. The owner of the bed of a natural stream has the right to require that the water of the stream should come to him in its natural state in flow, in quantity and quality and go from him without obstruction, as a right incident to his property. The weir constructed by Government is an obstruction to the natural flow and has admittedly resulted in a loss to the Inamdar, who has been long using the river-bed, after the subsidence of the floods, to grow melons. The storing of water in a river-bed cannot be called its natural user and if the owners of lands on a higher level are put to a loss by such storing, they are entitled to be compensated for it. The owners of the bed, as well as riparian owners must submit to the results of natural causes, but they can claim that the flow shall not be

increased or diverted to their prejudice by the acts of other persons.

G. R. R. D. 709 of 24-1-1913.

1896—(M) Kadim Joshis, Kazis etc. (Art. 207).

**207** On 22nd July 1896, Government passed a Resolution No. 5696 to the effect that G. R. No. 2189 of 23-5-1865 should be cancelled and that Settlement should be extended to Kadim village servants useful to the community in Inam villages i. e. holder of Survey No. 6 (Kazi) in the example.

1897—(N) Kadim cash allowances (Art. 208).

**208** (1) On 3rd June 1897, G. R. No. 4168 was passed directing (a) that only kadim (and not Jadid) Kadim cash allowances and Chilhar cash allowances in every Inam village should be remitted to the Taluka Treasury in the first instance for disbursement to the proper recipients thereof;

(b) that kadim varshasan, Devasthan and Chilhar cash allowances in Inam villages which were omitted from settlement under the Rules of 1st December 1865, should be settled under those rules.

(for settlement Rules (*vide* Appendix A) No. (2).)

(2) The date of a Government order sanctioning the purchase of a cash allowance should be the date until which arrears should be paid.

1912—(O) Takavi rules (Art. 209).

**209** In alienated villages where

Tagavi.

(A) The Inamdar is able and willing to assist the inferior holders with loans, the loans must be made by the Inamdar *direct* to the inferior holders without the intervention of Government and subject to the ordinary law relating to loans of money.

(B) But where the Inamdar is unwilling or unable to assist the inferior holders with advances of money for the purposes mentioned in the 'Land Improvement Loans Act,' and the 'Agriculturists Loans Act,' advances may be made from the funds provided by Government for *Tagai*, subject to the following *instructions*, which are issued in supersession of all previous orders on the subject:—

(I) In ordinary times an advance may be made to an inferior holder in an alienated village.

(a) On the security of the Inamdar, if he is willing to give security, to the extent to which he has good security to offer ;

(b) On the joint security of the Inamdar and the inferior holder, if the Inamdar is willing to join in giving security, to the extent to which they have good security to offer ;

(c) If the Survey Settlement has been introduced and the Record of Rights is maintained in the village, on the security of the inferior holder to the extent to which he is able to offer good security.

(II) It is not necessary that the Inamdar should join with the inferior holder in making the application for the loan.

(III) Care should be taken that the amounts advanced in any village are not so great as to be likely to affect the recovery of the Inamdar's ordinary dues.

(C) In *famine* times it is essential that advances should be made more freely than in ordinary times to inferior holders in alienated villages for the purpose of putting heart into the people and enabling them to hold out against the stress of famine. When, therefore, famine has been declared in any area, *Tagai* may be advanced to inferior holders in alienated villages in that area to the same extent as to holders of land in Government villages in that area. Security may be taken (1) from the Inamdar, or (2) from the Inamdar and the inferior holder jointly, or (3) from the inferior holder though the Survey Settlement has not been introduced, and the Record of Rights is not maintained in the village; and it is not necessary to examine the security so strictly as in ordinary times, provided that the officer making the advance satisfies himself that there is good reason to believe in the financial soundness of the borrower, or Inamdar, or both, as the case may be.

(D) If in any case it is necessary to forfeit any alienated holding or portion of an alienated holding on account of an arrear of a *Tagai* loan advanced by Government, the Collector should have regard to No. 65 (d) and (f) and No. 68 of the Rules under Section 214 of the Land Revenue Code.

**213** *Agrahar village*—About the year 1772 A. D., one Gopalji Bhonsale gave away the village of Malkhed to Gopal Tambvekar as Agrahar Inam on the occasion of a solar eclipse.

In 1799, the sons of the original donee gave away the village lands and the houses in the village to fifty-four learned and worthy Brahmins as Agrahar gifts. The gifts were made on condition that the respective Brahmin priests were to live in their respective houses, to enjoy the lands assigned to each and to lead a holy life by observing the six daily ritual observances of a Brahmin such as bathing, Sandhya, etc. and live in this Agrahar village. In case any body wished to leave the said village, he should substitute some worthy Brahmin priest, respectable, learned and a man of family in his place giving over the house and the Vritti (i. e., property attached to Vritti) in his possession for enjoyment and pass a document to him to that effect. In course of time, the line of one of these fifty-four donees became extinct, whereupon the Tambvekar re-granted the lands and house of the extinct donee in 1879 to Narayan Ambekar on the same terms. A formal deed of gift was later on passed on the 13th October 1880. On Narayan's death, the lands and the house passed into the possession of his son Ramkrishna Ambekar. In 1904, Ramkrishna left the village of Malkhed for good, and settled at Karad in pursuit of a secular calling. On the 18th September 1911, Ramkrishna sold the lands and the house to one Gopalrao. In a suit a question having arisen whether the sale was valid :—

*Held*, upholding the sale that the Agrahar gift was a private gift to the donee and an absolute gift according to law ; that the further provision as regards residence was only a recommendation and appeal to the religious conscience of the

donee and his descendants ; and that as a condition it was not valid and enforceable in law.

(22 Bombay Law Reporter 254 I. L. R. 44 Bombay—304).

**214** The Commissioner C. D. in his No. R. 2395 of Chawdi. 6-8-1909 issued the following orders with regard to chawadis in Inam villages :—

Grants from the provincial allotment at the disposal of the Collector may fittingly be made in consideration of the fact that chawdis in alienated villages, no less than those in Government villages, are made use of by subordinates of the Revenue, Sanitary, Police and other Departments as temporary shelters or as places for the transaction of public business. In deciding, however, whether a grant should be made in any particular case, the Collector would take into consideration the refusal of an adequate contribution by the Inamdar or the local population as well as the needs of Government villages. It should also be seen that there is a clear title to the site and that the Inamdars cannot afterwards claim the site and the building thereon as his own property.

**215** If the land belonging to a Mirasi tenant paying full Compensation. assessment to the Inamdar is acquired by Government for a public purpose, Government pay to the Inamdar

(1) a lump sum equal to 20 times the assessment (G. R. 2642 R. D. dated 14-9-1920)

or

(2) an annual cash allowance equal to the assessment

or

(3) reduction of the judi annually payable by the Inamdar to Government by the amount of the assessment.

*Note.*—When a sanad gives the right to treasure, among others, to an Inamdar, it becomes one of the 'benefits

to arise out of the land ' (*vide* section 3 (a) of Act 1 of 1894), and the Inamdar can claim some compensation for the right. (*Vide* Articles 157D and 218A). If he advances no claim on this account, any subsequent demand will not be entertained.

**216** (1) The Commissioner C. D.'s Circular No. 103 of Court-fee and 17-1-1913 ran as follows:—  
Stamp Duty.

The Commissioner finds that the practice regarding the levy of Court-fee on letters or applications sent by Inamdars to Revenue Officers in respect of the affairs of their Inam villages is not uniform in the several Districts of the Central Division.

The Commissioner, therefore, directs that the Yadis or letters received from Inamdars about the affairs of their Inam villages should be entertained without Court-fee Stamps *except* in the cases of applications for assistance under Section 86 of the Land Revenue Code, and those in which the Inamdars are personally concerned, i. e., applications for copies, appeal under the L. R. C. or Watan Act.

- (2) An Inamdar's report under Section 90 L. R. C. does not require a Court-fee Stamp.

G. R. No. 987 of 11-2-1882.

- (3) The written agreement to be entered into by the Inamdar in respect of the remuneration of the village Officers will have to be executed on stamp paper of the value of 8 annas.

G. R. 4639 of 3-9-1880.

- (4) Before the grant of a Commission to the holder of an unsurveyed village the Inamdar has to give an under-taking on an 8 anna stamped paper to levy rents according to the *Dhara* or other ascertained custom of the village when such customary rental is certified to be just by the Collector.

**217A** (1) Pasture-land—The plaintiffs were the inhabitants and cultivators of the defendant's Inam village of Chikle, in the Panvel Taluka, of the Kolaba Collectorate. They alleged that the defendant enclosed and brought under cultivation a piece of land in the village which had been used by them from time immemorial as pasture ground and as a way of access for their cattle to the watering place.

The defendant Inamdar stated that as Inamdar of the village he was proprietor of the soil comprised in the village, and could cultivate any land he pleased, or deal with it in any other way. There was abundance of pasture and water in the village, and the cultivation of the land in dispute did not cause any inconvenience.

*Held*, that unless the terms of his Inam grant authorize an Inamdar to enclose a piece of land used immemorially as pasture ground by the inhabitants of his Inam village, he cannot do so at will merely by virtue of his being an Inamdar.

(Vishvanath vs. Mahadaji, I. L. R. 3 Bombay 147).

(G. R. No. 2981 dated 12th June 1874).

(2) The Collector cannot take steps under section 61 of the Land Revenue Code in cases of encroachment on grazing lands in alienated villages. In such cases the Inamdar's proper remedy is a suit in the Civil Court.

(G. R. No. 5205, dated 25th June 1885).

**218** Section 61 of the Bombay Land Revenue Code, Roads. 1879, applies only to roads which are the property of Government in unalienated villages or unalienated portions of villages, and not to roads in alienated villages

unless there is ground for holding that the right of Government to the ownership of such roads has been reserved.

The instructions in G. R. No. 3837, dated 3rd June 1890 (beginning with 'Land which' and ending with 'special purposes' published on pages 163 and 164 of Joglekar's Land Revenue Code) are modified accordingly.

(G. O. No. 3130, R. D., dated the 12th November 1920).

**218A** Sanad—If a sanad by the State purports to grant a village in Inam, "including the waters, the trees, the stones and quarries, the mines, and the hidden treasures, but excluding the hakdars and Inamdars," or even if the Sanad purports to grant the village as a whole, the grant is subject to all existing rights against Government, whether native or British. If there is any evidence to suggest that at the date of the grant there were any tenants in the village holding lands with any rights of occupancy by custom or otherwise, the Inamdar cannot treat them as tenants at will. (I. L. R. 1 Bombay 523).

( " 4 Bombay 643).

If there is no reservation in the sanad as regards any right of Government to mines and mineral products in the village, the Inamdar is entitled to the sale-proceeds of land used for the manufacture of saltpetre etc.

(G. R. R. D. No. 4676 dated 11th August 1881).

(*Vide* G 1 and J 1 under section 69 of Joglekar's Land Revenue Code).

**219** When trees are planted on road-sides by an Inamdar's ancestors, a sanad is given confirming the Inamdar's right to dead wood and fruit and any loppings necessary for the trees' better growth, with a clear proviso that any act prejudicial to the spirit of the original grant viz., the maintenance of the trees for the good of the public, will render the sanad liable to forfeiture.

**220A** On 11th November 1920, the Bombay Village Panchayats Act, No. IX of 1920, was passed. Section 3 of the Act provides that on application in writing being made either by the District Local Board after previous notice to the Collector or by the Collector after previous notice to the District Local Board the Commissioner may, by notification in the *Bombay Government Gazette*

- (a) declare any local area to be a village for the purposes of this Act;
- (b) declare that any area should be included in or excluded from a village; or
- (c) cancel any such declaration.

*Note.*—Under this section, the Commissioner has power to extend the provisions of this Act to Inam or Talukdari villages also.

1. Lands falling under class I and classes III to VII given on page 36 of Anderson's Manual of Revenue Accounts or in Article 2 above.
2. The following lands falling under class 2 :—
  - (1) Personal Inam lands when they are continuable
    - (a) to a lineal male heir in a male descent, or
    - (b) so long as a lineal male heir is in existence.
  - (2) Gadkari Inam lands.
  - (3) Scindia, Holkar and Nizam grants when they are not con-

verted into private property by the imposition of 1/8 judi.

3. When one of the sharers of all other Inam lands of class II wants a cash allowance in exchange,

*Vide* Section 31 (3) of the Land Acquisition Act and G. R. R. D. No. 4018 dated 3rd May 1910.

*N. B.*—In the following cases also cash allowances will require the sanction of Government :—

- (2) Cash allowances for lands falling under class II except those mentioned under that class against Government above when the provisions of the Land Acquisition Act are not resorted to in acquiring them.

**Commissioner.** The Commissioner can grant cash allowances in accordance with the rules in lieu of Inam lands of village servants taken up for a public purpose when no suitable lands are available provided the provisions of the Land Acquisition Act are not resorted to in acquiring the land. *Vide* G. R. F. D. No. 720 dated 8th March 1887.

**228** Grants of Inam are held on the condition of loyalty and good behaviour; and hence holders thereof incur forfeiture if they be found to have been concerned in any *seditions* movement.

As regards *land* the alienations consist of:—

- (a) *Revenue only* on lands already in the possession of the grantee, or
- (b) the *soil and revenue* thereon.

In the former case forfeiture means levy of full assessment; while in the latter forfeiture means resumption of the land itself.

**229** As regards the purchase of the fraction of any fixed cash allowance there is only one uniform rule as follows:—

“When a cash allowance consists of, or contains a fractional part of a rupee, the Collector may commute

such fraction by the payment to the owner of a lump sum equal to 20 times such fraction; provided that if the fraction is annas 14 or upwards, the owner shall have the option of purchasing at 20 times the difference between the fraction and a whole rupee and the cash allowance shall then be a rupee or be increased to the next round number of rupees "

(Vide G. R. R. D. Nos. 2280 dated 11th June 1862, 3002 dated 26th August 1867 and 3732 of 16th November 1912 F. D.)

**230** This uniform rate for the purchase of a fractional part of an allowance should not be confounded with the different rates for the purchase of a whole allowance with or without fractions as detailed below :—

*Allowances continuable for more lives than one.*

- (1) The rate of 25 times in the case of certain allowances (1) when amounting to Rs. 10 or less or (2) a fixed amount of Rs. 250 when the allowance exceeds Rs. 10 but not Rs. 12-8.
- (2) The rate of 20 times for allowances exceeding Rs. 12-8.

(Vide G. R.s Nos. 11714 dated 27th November 1914, 4569 dated 23rd April 1915 and 1414 dated 5th February 1916 R. D.).

- (3) The rate of 20 times when a service or Devasthan allowance of Rs. 5 or less, granted in lieu of land acquired for a public purpose, is to be purchased.

(Vide rule No. VIII (3) of the rules published with G. R. No. 10256 dated 1st November 1911 R. D. as amended by G. R. 2642, R. D. dated 14th September 1920).

*Allowances continuable for one life only.*

- (1) Allowances continuable to useless village servants for one life only.

(Vide G. R. No. 1269 dated 31st March 1868).

- (2) Other allowances continuable for one life.

(*Vide* Government Gazette 4th May 1857 reproduced on page 520 of Nairne's Revenue Hand Book, Second edition).

*Note.*—The date of a Government order sanctioning the purchase of a cash allowance should be the date until which arrears should be paid. (G. O. R. D. No. 86 dated 12th January 1920).

**231** Heirship inquiry has to be made both as regards Heirship Inquiry. alienations of land, and as regards alienations of cash.

*Cash* alienations are paid from Government Treasuries ; and proposed successions thereto are in all cases reported to the Alienation Office for *previous* sanction before payment.

As regards *land*, it is entered, in the Record of Rights, in the names of the *persons* in actual possession of the whole or portions of each Inam land-kabjedars. When each Kabjedar dies, his heir is to be determined according to the different tenures and conditions of the several classes of Inam land.

With reference to *cash* no private sub-divisions are generally recognised, and consequently the heirship inquiry in respect thereof is less frequent than that in respect of kabjedars of land.

**232** The following procedure about heirship inquiry is adopted with respect to each class of Inam lands or villages:—

Class I (a) and (b) (*Vide* Article 2) these alienations are indivisible. They are resumed and re-granted at each succession by the orders of Government according to Saranjam rule. *Vide* Article 14.

Class I (c) Alienations owned by Native chiefs and situated in British territory are to descend to whoever succeeds to the Gadi of the State with the sanction of the Collector, whose

orders in each case are subsequently scrutinized by the Alienation Office.

As regards other political tenures they are continued under rule 12 of the Saranjam Rules.

(*Vide* Article 14.)

Class II. In village Form No. 3 some Inam lands, the tenures of which are of a complicated nature are marked with stars once for all with the sanction of the Collector. In their case the succession is determined by the Collector in the first instance and subsequently checked by the Alienation Office. The *unstarred* Inams of this class are treated like khalsa land, and succession thereto is determined by the village officers, and subsequently checked by the Mamlatdar alone.

Class III. *Vide* Article 65.

Succession to these is sanctioned by the Assistant or Deputy Collector.

Class IV. *Vide* Article 81 succession to these is sanctioned by the Assistant or Deputy Collector.

Class V. *Vide* Article 81.

Succession to these is sanctioned by the Collector in the first instance and subsequently checked by the Alienation Office.

Class VI. (a) Succession to these Watan lands is regulated by the following general rules and sanctioned by the Assistant or Deputy Collector.

(a) *Lands assigned as remuneration:—*

Succession to these lands is regulated in the same way as succession to a hereditary office under Section 36 of the Watan Act.

(b) *Lands not assigned as remuneration :—*

Succession to these lands is regulated by the provisions of Hindu or Mahomedan Law, as the case may be, subject to the limitation of Section 2 of Bombay Act V of 1886.

*N. B.*—Lands of Patils and Kulkarnis in unsurveyed villages, and lands of inferior village servants wherever situated are treated as "assigned for remuneration." All other lands under this head are treated as not so assigned.

Class VI. (b) *Vide* Article 109.

Succession to these is to be sanctioned by the Assistant or Deputy Collector.

## Class VII. In this case there is no succession. Revenue Officers have only to see that the conditions of the grant are being observed.

Nazarana consists  
of six items.

**233** (A) *Occasional items.*

- (1) *Adoption Nazarana* equal to one year's revenue from Treaty Jahagirdars (Native States) which was abolished at the Coronation Darbar on 12th December 1911.
- (2) *Adoption Nazarana* equal to one year's revenue from non-treaty Jahagirdars (Saranjamdars without jurisdiction), which is not abolished.
- (3) *Occasional Nazarana* equal to one or two years' revenue on each succession or transfer (*vide* a (2) and b (2) under paragraph 4 of Mr. R. N. Joglekar's note, accompanying G. R. No. 6409 dated 10th July 1914 R. D. or *vide* Articles 28 and 29 above,

- (4) *Occasional Nazarana* equal to one year's revenue specially imposed in the case of succession to certain Inam villages (*vide* G. R. R. D. No. 5756 dated the 29th October 1880).

(B) *Annual Items.*

- (5) *Adoption Nazarana* levied from non-service Watan-dars of one anna in each rupee of the total emoluments of the Watan for permission to adopt from outside the Watan family.

*Received with Chief Secretary's Memo No. 6364 dated  
30th September 1853.*

### AMENDED RULES OF 1842.

*Rules regarding the adjudication of Claims to succeed to  
Money or Grain allowances held by Individuals, or for  
the support of Religious Establishments, &c., under  
the Bombay Presidency.*

#### I.

All allowances held under a specific and absolute declaration by the British Government, or any competent officer acting under it, that they are to be continued hereditarily or in perpetuity, are to be so continued, according to the purport of such declaration.

*Provision 1st*—If any question arise as to the competency of the officer to make or give such declaration as aforesaid, or as to the extent of the declaration made, such question is to be determined by the Governor in Council.

#### II.

Any allowance held under a Sunnud declaring it to be hereditary shall be so continued, according to the terms of the Sunnud.

*Provision 1st*.—Provided that the grant was either made, or specifically recognized, by authority, competent to alienate Government Revenue in perpetuity; the question of which recognition and competency is to be determined by Government, as prescribed by provision 1st Rule I.

*Provision 2nd*.—And provided that there be nothing in the conditions of the tenure which cannot be observed

## ALIENATION MANUAL.

without a breach of the laws of the land, or the rules of public decency.

*Provision 3rd.*—And provided that the grant was not afterwards revoked or disallowed, or an alteration of its terms ordered or recognised by a competent authority.

### III\*.

All allowances uninterruptedly held for a period of sixty years before the introduction of the British Government, and then in the authorized possession of a grandson in male descent, or male heir of the body of such grandson of the original grantee, shall continue to be so held, so long as there shall be in existence any male heir of the body of the person who was recipient at the introduction of the British Government, tracing his lineage from such recipient through male heirs only.

### IV.

All allowances uninterruptedly held for a period of forty years before the introduction of the British Government, and then in the authorized possession of a son, or male heir of the body of a son of the original grantee, are to be continued for one succession further than that of the person who was recipient at the introduction of the British Government—that is, until the death of his last surviving son.

*Provision 1st,* as to Rules III and IV.—The authorized possession contemplated by Rules III and IV does not involve the necessity of proving any specific authority from, or recognition by the Government or paramount power. The mere entry of the Allowance as disbursed, in the genuine Accounts of the District Officers, (even in those not audited and passed by the Government of the time being) will be sufficient to bring it under the heads of “uninterrupted” and “authorised” so far as regards the purposes of this Rule ; provided only, that there are no entries in the Government Accounts which show that the payment of such Allowances must have been unauthorized by the Government or paramount power.

---

\*For Provisions affecting Rule III, see below, Rule IV.

*Provision 2nd*, as to Rules III and IV.—The introduction of the British Government is to be reckoned from the time the East India Company became the Government or paramount Authority over each District in the Territories ceded by or conquered from the Peshwa ; therefore ; whether Khalsat Mahals, or Surinjams &c. held exclusive of Inams, Wuttuns, Huks, &c.—the introduction of the British Government will date from the close of that of the Peshwa. But in case of the lapse of an independent principality, or of a Jagheer more ancient than the Peshwa's Government, and over the Inams, Huks, &c. in which he did not claim any authority, the introduction of the British Government should be reckoned only from the date at which the general management of the Districts may have come into the hands of the Company ; and in case any question shall arise as to the precise date when the East India Company became the Government over any District, or when the general management of any District came into their hands, such question shall be determined by Government.

## V.

All claims for Allowances in which the period of years necessary for each degree of prescriptive right may have been completed while the number of successions may not have occurred, are to be decided specially on their merits.

## VI.

Any Allowance which is not continuable under the preceding Rules is to be resumed on the demise of the person who was the recipient at the introduction of the present Government.

*Provision 1st*—In case the person who was recipient of the Allowance at the introduction of the British Government may have died, the permission to hold for life is to be extended to the person who was its recognized recipient at the promulgation of the Rules of 23rd June 1842, provided there be no fraud apparent, nor other reason for withholding this indulgence.

## ALIENATION MANUAL.

*Provision 2nd*—When an Allowance is evidently held by fraud recently committed, it shall be at once resumed not being continuable under this or any of the preceding Rules.

### VII.

All Allowances held for the support of Mosques, Temples, or similar institutions, of the permanent character of which institutions there can be no doubt, are to be continued permanently, even though their permanent continuance may not have been expressly provided for when they were granted.

*Provisions 1st, 2nd, and 3rd.*—The same as the corresponding Provisions of Rule II. in those cases in which Title Deeds or other Records proving the circumstances of the original grant, or its specific recognition by competent Authority, are forthcoming.

*Provision 4th*—When there is no proof forthcoming to show whether or not an Allowance coming under the Provisions of this Rule was granted, or even specifically recognised by a competent Authority ; still, if it has been undisputedly enjoyed for a period of forty years before the introduction of the present Government, it shall be permanently continued ; and enjoyment proved by the mere entry of the Allowance as continued, in genuine accounts of the District Officers, (even in those not passed by the Government of the time being,) is to be considered sufficiently "uninterrupted" to give an Allowance the benefit of this Provision, if there be no entries in the Government Accounts which show that it must have been unauthorized by them.

*Provision 5th.*—The peculiar advantages of this Rule shall not apply to Allowances held by individuals in their own names, for the performance of ceremonial worship, claims to which must be decided under the Rules for personal claims.

*Provision 6th*—When claims of the denomination coming under this Rule are found to be unsupported by

proof of or original valid title, and are proved void of sufficient prescriptive enjoyment, they are to be adjudicated according to Rule VI.

### VIII.

All Allowances held by an official tenure not involving service to the State, which tenure it is evident from local usage was meant to be permanent, and has been so considered herefore, even though there be no Sunnuds declaring it to be so; for instance, Allowances which form the authorized emoluments of such permanent offices as those of Kazees, Gram Joshees, &c., and are not merely personal, are to be continued permanently.

*Provisions 1st, 2nd, and 3rd.*—The same as the corresponding Provisions of Rule II. in those cases in which Title Deeds or other Records proving the circumstances of the original grant or its specific recognition by competent authority, are forthcoming.

*Provision 4th.*—When there is no proof forthcoming to show whether or not an Allowance coming under the Provisions of this Rule was granted, or even specifically recognized by competent authority, still, if it has been authorizedly enjoyed as an official and not merely personal holding, from the earliest period to which the forthcoming evidence does relate, it shall be continued permanently as official emolument, unless the claimant's own statement renders this course improper.

*Provision 5th.*—The Provisions of this Rule are not in any way to apply to Allowances paid for service performed to the State, claims to which are to be disposed of according to the Rules which are, or may be, established for the regulation of such Allowances.

*Provision 6th.*—It is to be understood that mere length of enjoyment of an Allowance by a Wuttundar or official person is not of itself sufficient to entitle a claim to be brought under this Rule.

*Provision 7th.*—If an Allowance claimed under this Rule be found incapable of permanent continuance under it, the claimant shall be allowed the advantages of any of the preceding Rules which may be applicable to his case.

### IX.

On the withdrawal of any Allowance under any of the preceding Rules, a moiety, or other portion, may be continued to the widows of the last recipients during their lives, in cases of proved poverty and destitution.

These Rules are not to be considered as necessarily applicable to Budul Mooshahira Allowances, or any others of an essentially temporary nature, nor to those of a Political nature, as Girass Allowances, Pensions, Nemnooks in compensation for Jagheers, &c., the titles and continuance of which shall be determined as heretofore, under such Rules as Government may find it necessary to issue from time to time.

By order of the Right Hon'ble the Governor in Council.

A. MALET,  
Chief Secretary to Government.

Section III.—Of an aggregate value ranging from one Rupee upwards.

A two months' notice to be served calling upon recipients to elect between,

First.—A lump sum payment equivalent to 10 years' purchase in final extinction.

Second.—Formal adjudication under the Amended Rules of 1842, the onus of proof resting with them, and payment pending the result suspended.

If "formal adjudication" be not demanded within two months from date of receipt of notice the Collector may dispose of the allowance by giving a ten years' lump sum payment in final extinction.

**General Remarks.**

- A. All single allowances under one Rupee to be bought up at 10 years' purchase ; or, if Dewusthan, struck off without purchase wherever the Patels enjoy allowances analogous to the "Chowra Khurch" in the Northern Division. No sum under a whole Rupee to be kept on the book.
- B. If several allowances belonging to one individual or idol, each under one Rupee, aggregate more, the aggregate amount to be dealt with.
- C. If a Dewusthan allowance be reduced below one Rupee by the operation of being halved for permanent continuance the moiety entitled under that operation to purchase. In like manner all fractions resulting from permanent continuance to be bought up at 20 years' value, unless there be arrears equal to or exceeding 20 times the amount by which the fraction falls short of a Rupee, in which case 20 times that amount to be

withheld from the arrears, and the fraction increased up to the next round number in Rupees. Only even Rupees to be kept on the books.

- D. Should any allowance be in abeyance (that is, not formally and finally discontinued) arrears to be paid in accordance with the Government Resolution No. 4415, dated 25th October 1865.
- E. On the settlement of an allowance all subordinate entries to cease. For instance, if an idol or individual has been receiving small sums on account of several Villages, and the Mamlutdar on disbursing the aggregate amount from the Talooka Treasury has hitherto made subordinate entries to show the names of the Villages and the sums payable from each, all such entries to cease on a fixed consolidated sum being declared continuable to the idol or individual. In like manner all corresponding Village entries to cease.
- F. Should two or more Mamlutdars have been disbursing portions of an allowance in its unsettled state, the consolidated allowance to be continued in future to be disbursed by one Mamlutdar, as may be most convenient.
- G. Payment of Idiana and allowances of a similar character for Village games &c., to be at once permanently stopped, excepting in the few instances in which they have been declared continuable. (Resolution No. 4040 of 1865).

Translation of a Lease given by H. B. Frere, Esquire Commissioner of Satara on the part of Company's Government to Mahadaji Gangadhar Patwardhan nisbut Punt Prutidhi inhabitant of the town of Satara Pait Pratap Gunj in Fuslee year 1260=A. D. 1850.

You presented a Yadee to the Hoozoor to the effect that in Peith Pratap Gunj behind your house, there is a pit caused by quarrying stones and some open ground, measuring 150 "Guj"\* in length and "50" Guj in breadth, that if that piece of ground were granted to you, you would fill in the said pit, construct an embankment on the side of the Nullah close by, plant trees and thus make the place habitable. Your Yadee was forwarded to the Mamlatdar of the Satara Paita with Order No. 15 dated 1st January 1850 for report on the point as to whether the ground applied for by you was an unclaimed one and he has on enquiry and after consulting the Wattandar Shetty and Mahajans reported on the 21st January 1850 that the ground is an unclaimed one and forwarded a plan, discriptive of the boundaries of the ground.

On a consideration of the above report it appears that the ground applied for is an unclaimed one, of an inferior sort and one that afforded shelter to Robbers etc.

It is therefore assigned to you as per following boundaries.

1. On the East it is bounded by your and Trimbakrav Rajupadhye's houses and beyond them there is a public Road leading towards Pratap-gung.
1. On the West it is bounded by a Nalla beyond which there are tanks opposite to the "Jalmandeer" or (Garden house) 125 Gaj in length.
1. On the South it is bounded by a high ground and beyond that there is the Government Paga.
1. On the North it is bounded by a Nulla beyond which you have made a small garden and there is an

embankment erected between them—the extent of the land from North to South is 30 Gujs. The land as per above boundaries is granted to you and this lease executed in support thereof. You should after planting trees and making it habitable enjoy it hereditarily and live happily. This land has not been assessed and therefore it will remain exempt from it in future. WHEREAS you have received the following Sanad from the EARL of ELGIN and KINCARDINE, the Governor General of India, dated 31st December 1862.

Whereas during the troubles of 1857 and 1858 you rendered good service to the British Government and to His Highness Maharaja Scindia, and whereas a ruler has seldom been served in troublous times by a more faithful, fearless or able Minister than yourself, I hereby confer upon you as a reward the following Villages with their Zamindari in perpetuity, subject to the payment to the British Government of an annual revenue of Rs. (1,786-4-6) one thousand seven hundred and eighty-six, annas four and pies six for the present and hereafter of the annual sum which may be fixed as the Government revenue of the Villages in the Deccan granted under this Sanad:—

Be assured that so long as you fulfil the conditions of this grant and are faithful in your allegiance to the British Government your possession of the above villages will not be disturbed.

And whereas you are desirous of exchanging your rights as an Inamdar over your villages at Agra for Inam rights over the villages of Patkhul and Moshi in the Deccan, the Government of India have acceded to your proposal and therefore this Sanad has been issued to you in continuation of the Sanad of the Government of India and in accordance with this the following villages together with the Zamindari of the villages at Agra in perpetuity will be in your possession :—

But the Agra villages are now being re-settled and therefore any increase which may take place on the present Jama Rs. 5,055-13-6 will be deducted from the above surplus. The settlement is also being introduced into Dewrook and Newe. If the revenue of these villages be hereby diminished the deficit shall be similarly met. If the surplus be not sufficient for these contingencies, a further set-off shall be given you from the judi payable by you on your Nugger villages. If at the approaching survey the revenue of Dewrook and Newe is increased over the present amount Rs. 1,786-4-6 the surplus will be taken from you. The sum above stated to be judi payable by Inamdars in your four Inam villages will be collected by you and paid to Government. But in case of an Inamdar failing to pay the loss will not fall on you.

You, your heirs and successors shall scrupulously respect and maintain all rights and privileges of minor Inamdars, cultivators, sub-tenants or others in the said villages whether such rights and privileges relate to the assessment on their lands or otherwise. No ejectment can take place so long as the present survey assessment is paid. After the expiration of the present

term of assessment which has been made in Patkhul and Moshi and is about to be made in Dewrook and Newe, it is in your power to make a new survey settlement in these villages on the same conditions and merits, as in the adjacent Government or Inamdar's villages. And the increased revenue in accordance with such your settlement shall be received and enjoyed by you, your heirs and successors. The increased revenue that may result from any settlement of the Agra villages subsequent to that which is now to be made will similarly be enjoyed by Government.

Be assured that so long as you fulfil the condition of this grant and are faithful in your allegiance to the British Government your possession of the above villages will not be disturbed.

This Sanad is executed in behalf of the Secretary of State in Council by order of the Governor in Council of Bombay by and under the hand and Seal of the Collector of Poona, the Collector of Satara and the Collector of Ratnagiri.
