Department of Botany
Academic Year 2022-23

Report for ICT Lecture

The department of botany uses a smart board with a projector to conduct lectures utilizing online resources, PowerPoint, online videos, and SWAYAM portal lecture series that are connected to the B.Sc. I, II, and III Botany syllabus. The manufacturing of medical drugs, as well as other practical skills are explained to the students through movies. The B. Sc. II and III year students also use a smart board to give their project seminar using a PowerPoint presentation.
